i decided it was time to take this one step further, first off, the replacement of the CDI on a 84 since everyone is convinced its a hoodoo voodoo box that can't be replaced. First off, yes the 84 is

Here in 2017 I have found that most 1982-1983 Honda BIG RED 200E's sell for \$500 - \$800 in good running order and missing no major components. I have seen a few all original one owner examples and they were

asking \$800 to \$1,600. I typically have a more difficult time selling a quality 1982-83 BIG RED as compared to the newer models.
