Yamaha GP1200 Review. The GP1200 was introduced in 1997, and immediately gained many fans. It replaced the high-performance but very unpredictable WaveRaider 1100. It was a runabout "sit-down" type model with outstanding performance and a very responsive throttle. At that time, this WaveRunner was equipped the industry's most powerful engine!

The very first GP model, the Yamaha GP760 was released in 1997. It had the same hull and features as it's brother, the GP1200. The only difference was that the GP1200 had a more powerful engine, and was heavier of course. The GP760 offered a really fun ride and easy control due to its lightweight semi V-shaped hull.
