Math Triumphs is intended for use as a pull out intervention class (RtI level 3) for students who are struggling in mathematics concepts two or more grade levels below their current grade. It is designed for use in after school, before school, summer school, intercession, tutoring, or pull-out/resource rooms. Math Triumphs is the first intervention program designed around the NCTM Focal Points. The Student Editions are 4-color, consumable Student Study Guide worktexts focusing on the foundational skills and concepts leading up to one of the three grade level Focal Points. Each chapter begins with a diagnostic assessment to identify concepts and skills that students may need to review or reinforce before introducing the new chapter.

The School Counselor's Study Guide for Credentialing Exams is the only study guide on the market based on the ASCA School Counselor Competencies, CACREP Standards, NBCC NCSCE content requirements, and the NCATE and NBPTS Standards. Designed to help users build knowledge and skills that are transferrable to any test format, it can be used to prepare for the NCSCE, Praxis II School Counseling Specialty Exam, NBPTS School Counseling national certification exam, Comprehensive School Counselor Education program exams, and state certification exams for professional school counseling. Each chapter aligns with one of the eight CACREP content areas for school counseling and covers in depth the material necessary to succeed on any of the exams. Also included in each chapter are case scenarios, guided reflection questions, and actual exam practice questions. A full-length practice exam is provided at the end with answers and explanations for correct and incorrect responses. Additional resources include a glossary of important terms and lists of ethical codes and competencies for various school counseling related organizations. Students and professionals seeking a professional school counselor credential will find this to be an invaluable tool in their exam preparation.
