With gas prices rising (always), alternative fuels look like an answer. Hybrids sound good, but what about the batteries? And fuel cells still seem to be pie-in-the-sky. Which leaves us with good old diesel. This book shows how to get the most out of the diesel engine, at a time when its fuel efficiency is almost as important as its massive torque. Although most diesel truck owners probably aren't planning to break any land speed records, advances in diesel technology, such as ultra-low-sulfur fuel, high-pressure common-rail fuel injection, electronic fuel management and variable geometry turbocharging, are bringing diesel engines into the performance arena. And this book is the ideal guide for making your diesel engine perform--adapting intake and exhaust, torque converters, engine electronics, turbochargers, and much more.

Twenty-four hours of pure disaster, for young reporter John Winthrop First he is invited to the opera with lovely Phyllis, who utterly enchants him -- then she turns down his offer of marriage . . . in essence ruining what she, at least, had seen as a sturdy, pleasant friendship. Then he is invited to hear the will of his wealthy uncle -- and all John is left is a paltry pittance. The bitter old man obviously nursed his grudge against John's parents to his dying day "You might as well use it to light your cigar with," says the lawyer, handing him the check. The next day at the newspaper, however, holds a startling surprise for young Winthrop . . .

Don't these boys get it? How many times must they get into trouble before they catch on? Best friends William and Thomas are back at it again with even more action and adventure. The poor community of Itchygooney isn't safe when William has a plan. This time there's an attack drone, a ghostly rocking chair, a slam-dunking wizard, and a UFO. Will these boys ever be stopped? Let's hope not! Back 4 More is the fourth book in the ongoing I Told You So series of humorous stories shared in short

standalone bursts. If they were any longer you couldn't handle it!

Feel like somebody hit the brakes on your Diesel Brothers cravings? Discover how you can keep the gas going with this rip-roaring ride behind the scenes of Discovery Channel's popular series Diesel Brothers. In the world of monster trucks, no one builds bigger and more extreme rides—and has more fun in the process—than Heavy D, Diesel Dave, and their crew at DieselSellerz. Their larger-than-life creations and awesome truck giveaways are legendary, but for those less fortunate who haven't had the opportunity to experience a Bros' souped-up truck, this thrill-ride of a book is the next best thing. Learn the epic and inspirational stories behind Heavy D and Diesel Dave's business and personal lives, from the guys' first meeting, to their early adventures building DieselSellerz, to their successful business venture with Redbeard, Muscle, and the rest of the fearless staff. In addition to learning about the Bros' two-year Mormon missions, humble beginnings, and world travels, you'll also get the unforgettable details of their hilarious, most well-known pranks, and the remarkable stories behind the personalities that have made Diesel Brothers one of the fastest growing and most popular reality TV shows. But wait—there's more! The book is chock full of essential advice for anyone who'd like to get in on the action. Whether you're a die-hard monster truck fan or just looking for inspiration to upgrade that piece of junk in your garage, Heavy D and his crew are here to show you how it's done. You'll learn how to find the best bargain in the junkyard, how to play hardball with tough-talking dealers, and how to turn that sad sack heap of parts into a badass diesel vehicle. What are you waiting for? Get out there and let diesel freedom ring!
