The major objective of this collection of 28 essays is to analyze the trends, musical formats, and rhetorical devices used in popular music to illuminate the human condition. By comparing and contrasting musical offerings in a number of countries and in different contexts from the 19th century until today, *The Routledge History of Social Protest in Popular Music* aims to be a probing introduction to the history of social protest music, ideal for popular music studies and history and sociology of music courses.

The outdoor music festival market has developed and commercialised significantly since the mid-1990s, and is now a mainstream part of the British summertime leisure experience. The overall number of outdoor music festivals staged in the UK doubled between 2005 and 2011 to reach a peak of over 500 events. UK Music (2016) estimates that the sector attracts over 3.7 million attendances each year, and that music tourism as a whole sustains nearly 40,000 full-time jobs. Music Festivals in the UK is the first extended investigation into this commercialised rock and pop festival sector, and examines events of all sizes: from mega-events such as Glastonbury Festival, V Festival and the Reading and Leeds Festivals to 'boutique' events with maximum attendances as small as 250. In the past, research into festivals has typically focused either on their carnivalesque

Download Ebook 2012 Music Festival Guide

heritage or on developing managerial tools for the field of Events Management. Anderton moves beyond such perspectives to propose new ways of understanding and theorising the cultural, social and geographic importance of outdoor music festivals. He argues that changes in the sector since the mid-1990s, such as professionalisation, corporatisation, mediatisation, regulatory control, and sponsorship/branding, should not necessarily be regarded as a process of transgressive 'alternative culture' being co-opted by commercial concerns; instead, such changes represent a reconfiguration of the sector in line with changes in society, and a broadening of the forms and meanings that may be associated with outdoor music events.

The Rough Guide to England is the definitive guide to this fascinating country with clear maps and detailed coverage of all the best attractions in England. Discover England's highlights with stunning photography and information on everything from how best to explore England's beautiful countryside to the country's rich collection of castles, cathedrals and prehistoric remains, with plenty of offbeat attractions along the way. châteaux of the Loire and beyond to Corsica's snow-dusted peaks, the Michelin Green Guide France uncovers gastronomic treats and hidden castles, while exploring rugged coastline, picturesque towns and the City of Love itself, Paris. Divided into 12 geographical regions, the guide offers star-rated attractions, regional introductions, detailed maps and suggested places to eat and stay for a variety of budgets, allowing the traveler to plan a trip carefully, or to be spontaneous.

This volume has as its central theme the presentation of original papers which seek to critique, deconstruct and go beyond existing research and knowledge frontiers in tourism. The text also includes debates on the value of tourism research at the institutional level and discussions of tourism research agendas which still remain under or unexplored

For Shakespeare and Shakespearean adaptation, the global digital media environment is a brave new world of opportunity and revolution. In *OuterSpeares: Shakespeare, Intermedia, and the Limits of Adaptation*, noted scholars of Shakespeare and new media consider the ways in which various media affect how we understand Shakespeare and his works. Daniel Fischlin and his collaborators explore a wide selection of adaptations that occupy the space between and across traditional genres what artist Dick Higgins calls intermedia ranging from adaptations that use social networking, cloud computing, and mobile devices to the many handicrafts branded and sold in connection with the Bard. With essays on YouTube and iTunes, as well as radio, television, and film, *OuterSpeares* is the first book to examine the full spectrum of past and present adaptations, and one that offers a unique perspective on the transcultural and transdisciplinary aspects of Shakespeare in the

contemporary world.

One of contemporary music ' s most significant and controversial figures, Brian Ferneyhough's complex and challenging music draws inspiration from painting, literature and philosophy, as well as music from the recent and distant past. His dense, multi-layered compositions intrigue musicians while pushing performer and instrument to the limits of their abilities. A wide-ranging survey of his life and work to date, Brian Ferneyhough examines the critical issues fundamental to understanding the composer as both musician and thinker. Debuting in celebration of Ferneyhough ' s 70th birthday in 2013, this book balances critical analysis of the music and close scrutiny of its aesthetic and philosophical contexts, making possible a more rounded view of the composer than has been available hitherto.

Austin ' s famed South by Southwest is far more than a festival celebrating indie music. It ' s also a big networking party that sparks the imagination of hip, creative types and galvanizes countless pilgrimages to the city. Festivals like SXSW are a lot of fun, but for city halls, media corporations, cultural institutions, and community groups, they ' re also a vital part of a complex growth strategy. In *Music/City*, Jonathan R. Wynn immerses us in the world of festivals, giving readers a unique perspective on contemporary urban and cultural life. Wynn tracks the history of festivals in Newport, Nashville, and Austin, taking readers on-site to consider different festival agendas and styles of organization. It ' s all here: from the musician looking to build her career to the mayor who wants to exploit a local cultural scene, from a resident ' s frustration over corporate branding of his city to the music executive hoping to sell records. *Music/City*

Download Ebook 2012 Music Festival Guide

offers a sharp perspective on cities and cultural institutions in action and analyzes how governments mobilize massive organizational resources to become promotional machines. Wynn ' s analysis culminates with an impassioned argument for temporary events, claiming that when done right, temporary occasions like festivals can serve as responsive, flexible, and adaptable products attuned to local places and communities.

The Rough Guide to Kenya is the ultimate companion to East Africa's biggest travel destination. Get under the skin of cosmopolitan Nairobi with full coverage of the city's nightlife, restaurants, and hotels. Detailed information will help you make the most of the Maasai Mara reserve and discover the best Indian Ocean beaches, as well as the northern deserts and the various national parks.
