The engine is custom built and is a combination of elements of a Citroën 2CV engine and a Citroën Visa engine. Not only extensive driving sounds but also foley (doors open close, window knocks, body tapping, gear lever, blinkers...), horn blasts and engine loops. All in high quality 48/24 BWAV-files, recorded with high end equipment.

2CV Racing Car with Modified Engine – SONNISS

Put together, both engines only produce a grand total of 130 horsepower (96.9 kilowatts) which isn't a lot, but we'd be remiss not to mention that they sit in a very light package. Propulsion aside, the vehicle is much more than just a 2CV racer with two engines shoved into it.
