Agatha Christie's Seven Dials Mystery is a 1981 adventure movie with a runtime of 2 hours and 12 minutes. Where to Watch Agatha Christie's Seven Dials Mystery Agatha Christie's Seven Dials Mystery is ...

A practical joke goes chillingly, murderously wrong in Queen of Mystery Agatha Christie 's classic detective story, The Seven Dials Mystery. Gerry Wade had proved himself to be a champion sleeper, so the other houseguests decided to play a practical joke on him. Eight alarm clocks were set to go off, one after the other, starting at 6:30 a.m. But when morning arrived, one clock was missing and the prank then backfired, with tragic consequences. For Jimmy Thesiger in particular, the words "Seven Dials" were to take on a new and chilling significance. . . .

A healthy young man dies in his sleep, despite the ringing of eight separate alarm clocks... Gerry Wade had proved himself to be a champion sleeper; so the other house guests decided to play a practical joke on him. Eight alarm clocks were set to go off, one after the other, starting at 6.30 a.m. But when morning arrived, one clock was missing and the prank had backfired with tragic consequences. As a practical joke, fellow houseguests put eight alarm clocks under Gerry Wade's bed, only to find a missing clock and a dead man

A healthy young man dies in his sleep, despite the ringing of eight separate alarm clocks... Gerry Wade had proved himself to be a champion sleeper; so the other house guests decided to play a practical joke on him. Eight alarm clocks were set to go off, one after the other, starting at 6.30 a.m. But when morning arrived, one clock was missing and the prank had backfired with tragic consequences. For Jimmy Thesiger in particular, the words 'Seven Dials' were to take on a new and chilling significance...

The Secret of Chimneys Never do favors—that 's the lesson it would 've behooved Anthony Cade to learn before getting himself wrapped up in a case of conspiracy and murder. Politician George Lomax has persuaded Lord Caterham to host a weekend party at Chimneys, his country estate. Lomax hopes to cement plans to reinstate the monarchy in Herzegovina. But when the prince of Herzegovina turns up dead, Cade has a lot of explaining to do. After all, his footprints were found on the grounds . . . though not inside the house. The Secret of Chimneys As one criminal conspiracy leads to another, both Scotland Yard and the French Sûreté are on the scene to set things right. Soon, thanks to the detective work of Superintendent Battle, everyone 's secrets—and the secret of Chimneys itself—will be on display. A young drifter finds more than he bargained for when he agrees to deliver a parcel to an English country house... The Secret of Chimneys Little did Anthony Cade suspect that a simple errand on behalf of a friend would make him the centerpiece of a murderous international conspiracy. Someone would stop at nothing to prevent the monarchy being restored in faraway Herzoslovakia. The Secret of Chimneys The combined forces of Scotland Yard and the French Surete can do no better than go in circles – until the final murder at Chimneys, the great country estate that yields up an amazing secret... The Secret of Chimneys At the request of George Lomax, Lord Caterham reluctantly agrees to host a weekend party at his home, Chimneys. A murder occurs in the house, beginning a week of fast-paced events with police among the guests. The novel was well received at first publication, described as more than a murder mystery, as it is a treasure hunt. Later reviews found it a first-class romp and one of the author's best early thrillers. The most recent review says the novel requires a hefty suspension of disbelief. The later reviewers note that descriptions of characters use the terminology of the times in which it was written, and might be considered racist decades later. The Secret of Chimneys The novel was written in 1925. The characters in the story refer to events that occurred about 7 years earlier, that is, at the end of the Great War when the Austro-Hungarian and Ottoman Empires were broken up. The war is never mentioned directly. Instead, in Chapter 19, Superintendent Battle says: "Just over seven years ago, there was a lot what they called reconstruction going on especially in the Near East." At the same time, many royal persons were in England, including the Queen of Herzoslovakia, and Count Stylptitch; all the Balkan states were interested parties in discussions taking place. It is at this time that the Koh-i-Noor diamond disappeared in the plot. Later, in an unspecified year, the Herzoslovakians rose up against the king and his commoner wife. About that time, Mrs. Virginia Revel and her husband Tim were part of the diplomatic mission from the

UK to Herzoslovakia, so that Mrs. Revel had met Prince Michael; she was the only such person at the house party, to know Prince Michael, but not the only person in the house. The time immediately after the war was when the theft, solved in this novel, happened. The Secret of Chimneys
