Comprehensive and balanced, this classic exploration of the history of the English language combines internal linguistic history and external cultural history-from the Middle Ages to the present. This market-leading text encourages readers to develop both an understanding of present-day English and an enlightened attitude towards questions affecting the language today.

This comprehensive and accessible student workbook accompanies the fifth edition of Albert C. Baugh and Thomas Cable's History of the English Language. Each chapter in the workbook corresponds directly to a chapter in the textbook and offers exercises, review questions, extensive supplementary examples, additional explanations and a range of sample extracts taken from texts of different periods. An additional 'pre-chapter' on the sounds of English also provides phonetic information and exercises that will prove useful throughout the book. This third edition has been revised alongside the textbook and includes new exercises to accompany the sections on Gender Issues and Linguistic Change, and African American Vernacular English. This workbook is an invaluable companion for all History of English Language courses.

This comprehensive and accessible student workbook accompanies the fifth edition of Albert C. Baugh and Thomas Cable's History of the English Language. This workbook is an invaluable companion for all History of English Language courses.

Critiques of all Chaucer's poetry (except the Romaunt of the Rose, the fragmentary Anelida and Arcite, and a few of the short lyrics).

The paperback edition, in four volumes, of this standard work will make it readily available to students. The scope of the work makes it valuable as a work of reference, connecting one period with another and placing each author clearly in the setting of his time. Reviewing the first edition, The Times Literary Supplement commented: 'in inclusiveness and in judgment it has few rivals of its kind'. This first volume covers The Middle Ages (to 1500) in two sections: The Old English Period (to 1100) by Kemp Malone (John Hopkins University), and The Middle English Period (1100-1500) by Albert C. Baugh (University of Pennsylvania).

A unique collection of original essays by 21 of the world's leading linguists. The topics discussed focus on some of the most popular myths about language: The Media Are Ruining English; Children Can't Speak or Write Properly Anymore; America is Ruining the English Language. The tone is lively and entertaining throughout and there are cartoons from Doonesbury andThe Wizard of Id to illustrate some of the points. The book should have a wide readership not only amongst students who want to read leading linguists writing about popular misconceptions but also amongst the large number of people who enjoy reading about language in general.
