The definitive, classic account of the fall of the House of Baring, the oldest merchant bank in London, in 1995 and the ultimate rogue trader, Nick Leeson, who brought down the venerable institution with speculative investing. John Gapper, associate editor of the Financial Times, and his coauthor Nicholas Denton, now founder of Gawker Media, interviewed all the major players involved in the collapse of one of England's oldest banks. All That Glitters reveals the Faustian deal struck between the whizz-kid derivatives traders who seemed to be bringing in huge profits and the old guard who were happy to pocket them without asking too many questions. Gapper and Denton present a thrilling, in-depth account of Nick Leeson's motives and methods for hiding the unauthorized speculative trading as well as the final days of Barings and the last-ditch attempts by politicians and bankers to save the bank.

Lucifer has everything he could ever want - incredible magnetic powers, intellectual strength, and magnificent beauty - but still he wants more. When the Earth is created, Lucifer is overlooked and, in a jealous rage, an evil plan flourishes in his heart, a plan that will strike at the very heart of God through His newly created family. Satan wants the Throne of the Almighty as his own, and demands for himself the loyalty and adoring praise due only to the Creator. This takes the universe to the brink of annihilation. The Earth becomes Lucifer's trophy, won by deception. Mankind is doomed to reflect the traits of the new Commander-in-Chief, Satan, and to die an eternal death. God has a counter plan of His own, but his children have to first accept it. The world is on a mad spiral toward extinction with Satan at the helm until the Divine Plan is put in action. Who will win this devastating war and bring home the trophy? Once Were Angels is the most exciting adventure story of all time, as well as the biggest disaster and greatest rescue, encapsulated in an easy to read, hard-to-put-down book.

Takes readers on a journey through the history of architectural and structural disasters, from the Parthenon to the Tower of Pisa to the Tacoma Narrows Bridge

In early 2018, the implosion of Nirav Modi's Firestar Diamonds International, on its way to becoming India's first truly global luxury company, threw the country's diamond industry and its banking system into utter disarray. Allegations against Modi, of defrauding banks to the tune of US\$1.8 billion, brought a whole business community under scrutiny and escalated rapidly into an international scandal. Based on personal encounters, incisive interviews and meticulous research, this riveting narrative exposes the incredible twists and turns of the Nirav Modi story - of a third-generation diamantaire who moved from Belgium to India to apprentice with his uncle, Mehul Choksi, an established diamond merchant with extensive connections; of an astute businessman whose firm grip over an intercontinental supply chain saw his branded jewellery stores dotting not just every Indian metropolis but also marquee locations such as London, New York and Hong Kong; and of a reclusive, inscrutable man with a penchant for the high life that possibly led him to fly too close to the sun. As the Nirav Modi saga - complete with his arrest on international soil, rejected bail pleas, extradition theatrics and the frenzied pursuit of diamond-trading minutiae by investigative agencies across three nations - continues to make headlines, Flawed recounts in close, compelling detail the rise of a global player and his equally dramatic fall. Arresting and revelatory, it raises indispensable questions about how one man's drive to succeed at all costs can jeopardize an entire ecosystem.
