Parents need to know that Eoin Colfer 's The Lost Colony is the fifth book in the Artemis Fowl series. With its time travel theme, it will remind readers of Colfer's popular W.A.R.P. trilogy that came after this series. Expect plenty of fantasy action violence with bombs, shootings, stabbings, kidnappings, and the trading of hostages.

A second juvenile genius has discovered that fairies do exist, and she is determined to capture one for scientific study. And not just any fairy. The newcomer intends to trap a demon -- the most human-hating species unknown to man. Only an ancient time spell separates the demons from mankind -- and Artemis must prevent it from unravelling. If he fails, the bloodthirsty tribe will relaunch their quest to wipe every human from the planet.

Ten thousand years ago, humans and fairies fought a great battle for the magical island of Ireland. When it became clear to the fairy families that they could never win, they decided to move their civilization underground and keep themselves hidden from the humans. All the fairy families agreed on this, except the 8th family, the demons. The demons planned to lift their small island out of time until they had regrouped and were ready to wage war on the humans once more. However the time spell went wrong, and the island of Hybras was catapulted into Limbo, where it has remained for ten thousand years.

Demons are beginning to materialize without warning on Earth. If humans were to capture one, all fairies would be exposed. In order to protect themselves, the fairies must decipher complicated equations to determine where the next demon will appear. Not even the brilliant Foaly can make heads or tails of the formulas -- but he knows someone who can: Artemis Fowl. When a very confused demon imp appears in a Sicilian theater, Artemis is there to meet him. But he is not alone. Someone else has unlocked the secrets of the fairy world--and she is only twelve years old. Now, in a race against time, a newly-reformed Artemis Fowl will have to dip into his bag of dirty tricks if he is to save his fairy friends from his latest nemesis, not to mention a power hungry demon warlord who is poised to invade our dimension with his savage army.

Ten millennia ago, the fairy people were defeated in a great battle with mankind, forcing them to move underground. Only the 8th family of fairies remained undefeated: the demons. But now one demon has

discovered the secrets of the fairy world, and if humans get hold of this information, the fairies are in big trouble.

When demons begin appearing on Earth unpredictably, foreshadowing a cataclysmic breakdown of their magic, Artemis and his friends face a new foe--a twelve-year-old girl whose intellect just might match Artemis's own--as they try to prevent catastrophe.

All the fairy families agreed on this, except the 8th family, the demons. The demons planned to lift their small island out of time until they had regrouped and were ready to wage war on the humans once more. However the time spell went wrong, and the island of Hybras was catapulted into Limbo, where it has remained for ten thousand years. Now, the tainted time spell is deteriorating and demons are being sucked back into the present space and time. The fairy Council is naturally concerned about this and is monitoring any materializations. When the spell's deterioration accelerates, the materializations become unpredictable. Even the fairy scientists cannot figure out where the next demon will pop up. But someone can. Artemis Fowl, teenage criminal mastermind has solved temporal equations that no normal human should be intelligent enough to understand. So when a confused and frightened demon pops up in a Sicilian theatre, Artemis Fowl is there to meet him. Unfortunately, he is not the only one. A second, mysterious party has also solved the temporal equations, and has managed to abduct the demon before Artemis can secure him. This is a disaster for the fairy people, as this demon was no ordinary fairy. He was the last demon warlock, the one who held the key to the survival of the entire demon race. It is up to Artemis and his old comrade, Captain Holly Short, to track down the missing demon and rescue him, before the time spell dissolves completely and the lost demon colony returns violently to Earth.

Riley, a teen orphan boy living in Victorian London, has had the misfortune of being apprenticed to Albert Garrick, an illusionist who has fallen on difficult times and now uses his unique conjuring skills to gain access to victims' dwellings. On one such escapade, Garrick brings his reluctant apprentice along and urges him to commit his first killing. Riley is saved from having to commit the grisly act when the intended victim turns out to be a scientist from the future, part of the FBI's Witness Anonymous Relocation Program (WARP) Riley is unwittingly transported via wormhole to modern day London, followed closely by Garrick. In modern London, Riley is helped by Chevron Savano, a nineteen-year-old FBI agent sent to London as punishment after a disastrous undercover, anti-terrorist operation in Los Angeles. Together Riley and Chevie must evade Garrick, who has been fundamentally altered by his trip through the wormhole. Garrick is now not only evil, but he also possesses all of the scientist's knowledge. He is determined to track Riley down and use the timekey in Chevie's possession to make his way back to Victorian London where he can literally change the world.

Criminal mastermind Artemis Fowl finally meets his match. A second juvenile genius has discovered that fairies do exist and she is determined to capture one for scientific study. And not just any fairy. The newcomer intends to trap a demon - the most human-hating species known to man. But there are more than two players in this deadly game. Holly Short has been enlisted by Section 8, a covert division of the Lower Elements Police, to find out just what her old accomplice Artemis is up to. And there is also a mysterious assassin, Billy Kong, who will stop at nothing to get his revenge. Only an ancient time-spell separates the demons from mankind - and Artemis must prevent it from unravelling. If he fails, the bloodthirsty tribe will relaunch their quest to wipe every human from the planet. Because that's what demons live to do. There can only be one winner - and this time it might not be Artemis Fowl. The fifth fantastic Artemis Fowl book from bestselling author Eoin Colfer.
