The inspiring, life-changing bestseller by the author of **LEADERS EAT LAST** and **TOGETHER IS BETTER**. In 2009, Simon Sinek started a movement to help people become more inspired at work, and in turn inspire their colleagues and customers. Since then, millions have been touched by the power of his ideas, including more than 28 million who 've watched his TED Talk based on **START WITH WHY** -- the third most popular TED video of all time. Sinek starts with a fundamental question: Why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with **WHY**. They realized that people won't truly buy into a product, service, movement, or idea until they understand the **WHY** behind it. **START WITH WHY** shows that the leaders who've had the greatest influence in the world all think, act, and communicate the same way -- and it's the opposite of what everyone else does. Sinek calls this powerful idea **The Golden Circle**, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with **WHY**.

An excellent addition to intermediate or advanced-level Spanish language or literature courses, *En la Ocho y la Doce* is a collection of microfictions and longer stories that present diverse perspectives on the experience of Cuban emigration to the United States. Unlike many intermediate-level readers, which

anthologize standard works, this volume presents outstanding, authentic literature and themes that are highly relevant to heritage speakers in this country.

Increase students' ability to comprehend spoken Spanish; express their ideas & opinions; and analyze cultural perspectives while challenging fixed beliefs and cultural stereotypes. These outcomes motivated the respected author team of *As í lo veo*, the first Intermediate Spanish program to use a documentary, filmed specifically for the program, as the basis for instruction and learning. Since a documentary captures real situations and personal perspectives it is the perfect vehicle for increasing student engagement. With *As í lo veo*, the documentary motivates the presentation of content—vocabulary, grammar, and culture—and by extension, the learning. Specifically, *As í lo veo* documents how six Spanish speakers view timely, provocative themes. Because these are everyday people, not actors, they bring unscripted, real language as well as fresh ideas to the context of learning Spanish.
