information, supplemented with listings of resources such as videos, Web sites, and support groups, this volume is the most comprehensive collection of nursing advice available.

Offers money-preserving tips on shopping for the essentials of child care such as cribs and stuffed animals and information on where to find discounted items.

This book is truly a complete guide to pumping breast milk. When I was first learning to pump, I could not find any resources available just for breast pumping moms. All I could find were breastfeeding books with a couple of paragraphs about breast pumping. So, when I began to pump for my son, I decided to document all of my breast pumping thoughts, experiences, and tips for other moms who are learning to pump. This book is designed just for pumping moms ' the entire book teaches you how to pump breast milk step by step. My book is a real benefit for moms who are not able to breast-feed. for one reason or another, for moms who are planning to pump out of convenience, for moms who need to pump to increase milk supply, or for moms who need to begin pumping because they are returning to work. Any type of breast pumping mom will find this book essential to their success at pumping.

The magazine that helps career moms balance their personal and professional lives.

The magazine that helps career moms balance their personal and professional lives.

The magazine that helps career moms balance their personal and professional lives.

Organized according to product category, a photographic reference surveys everything a new baby needs to have, along with what parents need to know about such items as cribs, childproofing products, nursery items, toys, activity centers, and clothing.

The magazine that helps career moms balance their personal and professional lives.

This up-to-date guide addresses all the subjects you would expect to find in an authoritative book on pregnancy "plus" issues of special concern to the 60 to 80 percent of women who hold jobs during their pregnancies: . Is my workplace safe for my developing baby? . When should I tell my employer that I am expecting? . How can I handle the discomforts of pregnancy when I need to work? . What laws will protect me when I take medical leave? The answers to these questions and myriad others can be found in the pages of this practical and reassuring book. Dr. Marjorie Greenfield draws from her experiences as an obstetrician and working mom, and from more than a hundred interviews with mothers ranging from factory workers to high-powered attorneys, to create a unique resource for working women. Dr. Greenfield includes checklists for multitasking working moms-to-be, helpful illustrations, stories and advice from experienced mothers, and information on everything from planning a pregnancy to balancing life after the baby is born. "The Working Woman's Pregnancy Book" is an invaluable expert resource that will inform, reassure, and empower any working woman throughout the miraculous journey of her pregnancy."
