In 1987, Dr. Benjamin Carson gained worldwide recognition for his part in the first successful separation of Siamese twins joined at the back of the head. The extremely complex and delicate operation, five months in the planning and twenty-two hours in the execution, involved a surgical plan that Carson helped initiate. Carson pioneered again in a rare procedure known as hemispherectomy, giving children without hope a second chance at life through a daring operation in which he literally removed one half of their brain. But such breakthroughs aren't unusual for Ben Carson. He's been beating the odds since he was a child. Raised in inner-city Detroit by a mother with a third grade education, Ben lacked motivation. He had terrible grades. And a pathological temper threatened to put him in jail. But Sonya Carson convinced her son that he could make something of his life, even though everything around him said otherwise. Trust in God, a relentless belief in his own capabilities, and sheer determination catapulted Ben from failing grades to the top of his class --- and beyond to a Yale scholarship . . . the University of Michigan Medical School . . . and finally, at age 33, the directorship of pediatric neurosurgery at Johns Hopkins Hospital in Baltimore, Maryland. Today, Dr. Ben Carson holds twenty honorary doctorates and is the possessor of a long string of honors and awards, including the Horatio Alger Award, induction into the 'Great Blacks in Wax' Museum in Baltimore, Maryland, and an invitation as Keynote Speaker at the 1997 President's National Prayer Breakfast. Gifted Hands is the riveting story of one man's secret for success, tested against daunting odds and driven by an incredible mindset that dares to take risks. This inspiring autobiography takes you into the operating room to witness surgeries that made headlines around the world --- and into the private mind of a compassionate, God-fearing physician who lives to help others. Through it all shines a humility, quick wit, and down-to-earth style that make this book one you won't easily forget.

When all hope has been stripped away and you are engulfed by the darkness around you, could you claw your way out? Being brought up in the system and never truly feeling the sense of family, Travis Hodge was inspired to become a cop. He wanted the chance to make a difference and help in whatever way possible. Travis has been a Police Officer in Terre Haute Indiana for a few years now and has recently accepted a position in Danville Kentucky, taking on the role as Detective. While in Danville he has been assigned to multiple child abduction cases, ones that have left the rest of the force running in circles. While racing against the clock to save these children, he ends up uncovering some ominous and unforeseen forces trying to prevent him from doing so. The only questions remaining are, will Detective Hodge be able to save the children and are they the only ones that need saving?

This classic presents people seeking to change their community by pledging themselves to experiment for a whole year with the question, 'What would Jesus do?'

The classic, bestselling account of the infamous Kray twins, now a major film, LEGEND, starring Tom Hardy. Reggie and Ronald Kray ruled London's gangland during the 1960s with a ruthlessness and viciousness that shocks even now. Building an empire of organised crime such as nobody has done before or since, the brothers swindled, intimidated, terrorised, extorted and brutally murdered. John Pearson explores the strange relationship that bound the twins together, and charts their gruesome career to their downfall and imprisonment for life in 1969. Now expanded to include further extraordinary revelations, including the unusual alliance between the Kray twins and Lord Boothby – the Tory peer who won £40,000 in a libel settlement when he denied allegation of his association with the Krays – The Profession of Violence is a truly classic work. John Pearson is also the author of All the Money in the World (previously titled Painfully Rich), now a major motion picture directed by Ridley Scott film and starring Michelle Williams, Mark Wahlberg and Christopher Plumber (nominated for the Oscar for Best Supporting Actor).

NOW A MAJOR MOTION PICTURE The harrowing, true account from the brave men on the ground who fought back during the Battle of Benghazi. 13 HOURS presents, for the first time ever, the true account of the events of September 11, 2012, when terrorists attacked the US State Department Special Mission Compound and a nearby CIA station called the Annex in Benghazi, Libya. A team of six American security operators fought to repel the attackers and protect the Americans stationed there. Those men went beyond the call of duty, performing extraordinary acts of courage and heroism, to avert tragedy on a much larger scale. This is their personal account, never before told, of what happened during the thirteen hours of that now-infamous attack. 13 HOURS sets the record straight on what happened during a night that has been shrouded in mystery and controversy. Written by New York Times bestselling author Mitchell Zuckoff, this riveting book takes readers into the action-packed story of heroes who laid their lives on the line for one another, for their countrymen, and for their country. 13 HOURS is a stunning, eye-opening, and intense book--but most importantly, it is the truth. The story of what happened to these men--and what they accomplished--is unforgettable.

NOW A HIT NETFLIX ORIGINAL SERIES THE RIVETING SEQUEL TO THE NEW YORK TIMES BESTSELLING YOU “Kepnes hits the mark, cuts deep, and twists the knife.” —Entertainment Weekly “Delicious and insane...The plot may be twisty and scintillating, but it’s Kepnes’s wit and style that keep you coming back.” —Lena Dunham “Hypnotic and scary.” —Stephen King “Obsessed.” —Jessica Knoll, New York Times bestselling author In the compulsively readable sequel to her widely acclaimed debut novel, You, Caroline Kepnes weaves a tale that Booklist calls “the love child of Holden Caulfield and Patrick Bateman.” In Hidden Bodies, the basis for season two of the hit Netflix series, You, Joe Goldberg returns. Joe is no stranger to hiding bodies. In the past ten years, this thirty-something has buried four of them, collateral damage in his quest for love. Now he’s heading west to Los Angeles, the city of second chances, determined to put his past behind him. In Hollywood, Joe blends in effortlessly with the other young upstarts. He eats guac, works in a bookstore, and flirts with a journalist neighbor. But while others seem fixated on their own reflections, Joe can’t stop looking over his shoulder. The problem with hidden bodies is that they don’t always stay that way. They reemerge, like dark thoughts, multiplying and threatening to destroy what Joe wants most: true love. And when he finds it in a darkened room in Soho House, he’s more desperate than ever to keep his secrets buried. He doesn’t want to hurt his new girlfriend—he wants to be with her forever. But if she ever finds out what he’s done, he may not have a choice...

From evil vampires to a mysterious pack of wolves, new threats of danger and vengeance test Bella and Edward's romance in the second book of the irresistible Twilight saga. For Bella Swan, there is one thing more important than life itself: Edward Cullen. But being in love with a vampire is even more dangerous than Bella could ever have imagined. Edward has already rescued Bella from the clutches of one evil vampire, but now, as their daring relationship threatens all that is near and dear to them, they realize their troubles may be just beginning. Bella and Edward face a devastating separation, the mysterious appearance of dangerous wolves roaming the forest in Forks, a terrifying threat of revenge from a female vampire and a deliciously sinister encounter with Italy's reigning royal family of vampires, the Volturi. Passionate, riveting, and full of surprising twists and turns, this vampire love saga is well on its way to literary immortality. It's here! #1 bestselling author Stephenie Meyer makes a triumphant return to the world of Twilight with the highly anticipated companion, Midnight Sun: the iconic love story of Bella and Edward told from the vampire's point of view. "People do not want to just read Meyer's books; they want to climb inside them and live there." -- Time "A literary phenomenon." -- The New York Times

A sparkingly festive and romantic story set in New York at Christmastime, Mistletoe on 34th Street is readers' favourite Lisa Dickenson at her side-splitting, funniest best! Olivia has never experienced a snow-covered, 'traditional' Christmas before. Having grown up in a family that chose winter sun over decking the halls, she's not sure what all the fuss is about. So when she and her colleagues are stranded in New York after a work trip, Olivia is perfectly happy spending the holiday season in the Big Apple. Jon, Olivia's friend, on the other hand is desperate to get home in time for his big family get-together. Nevertheless, determined to make the best out of the situation, he sets out to show Olivia how enchanting Christmas in New York can be. And when handsome New Yorker Elijah is added to the mix, could the magic of the season finally be working its charm on Olivia? As 25 December draws closer, Olivia suddenly finds herself with a decision to make: who does she really want to kiss under the mistletoe this Christmas? Full of romance and festive magic, Mistletoe on 34th Street is the funniest and most charming love story you will read this Christmas!

"For the novice game programmer with no experience with any programming languages. Covers how C# is used to make a game in Unity3D. Interactive examples give C# code meaning. As more complex aspects of C# are explained the interactivity of example games gains depth. Common programming tasks are taught by way of making a game. Thereader will understand how to read and apply C# in Unity3D and apply that knowledge to other development environments that use C#. New to this edition: includes latest C# functionality and feratures; new tips and tricks oo tuples, pattern matching, out variables, local functions, binary laterals, digit separators, null propagator reduces, etc. Key Features Provides a starting point for the first time programmer Examples enable the reader to eventually write a game using Unity 3D Learn to read and understand documentation and the Unity 3D API!"--

Whether you know a little about Bootstrap or AngularJS, or you're a complete beginner, this book will enhance your capabilities in both frameworks and you'll build a fully functional web app. A working knowledge of HTML, CSS, and JavaScript is required to fully get to grips with Bootstrap and AngularJS.
