Broken Soldier the first part of the Wounded Love series is the start of a story with four parts. Rafa returns from war without a hand and a leg; Emily is a widow with issues about moving on after the death of her husband over a year ago. John Bolton, President Donald Trump's former National Security Adviser, had a heated exchange with Newsnight's Emily Maitlis. She asked why he did not testify at the president's impeachment trial ...

Why, he asks, were only fourteen American soldiers tried as collaborators when thousands of others who admitted to some of the same offenses were not?"

"Nothing in my army training had prepared me for what happened in Jerusalem in February 1965." In Chris McQuaid's stunning memoir, *Elegy for a Broken Soldier*, a traumatic event led to his Post-Traumatic Stress Disorder (PTSD). Music became the only respite that provides him solace. Chris was a member of the Irish Army guard of honour for the visit of US President John F. Kennedy to Dublin in June 1963. With the cheers of the crowds lining the presidential route still ringing in his ears, he felt "ten feet tall" as he prepared for his first UN peacekeeping mission to the Congo. On a UN mission to Cyprus in 1965, trauma changed Chris's life forever, marking the beginning of his PTSD. In Lebanon in 1980, his life was threatened, and the shock effectively ended his military career. Neither event originated on the battlefield, but from within the Irish Army. Despite severe depression and suicidal thoughts, Chris continued his education and returned to the service to become a commissioned officer. He left the army in 1986 with a glowing service record. A long legal wrangle and a succession of psychiatric and psychological assessments have led to even greater health problems, but Chris has survived it all.

The four years of the Civil War saw bloodshed on a scale unprecedented in the history of the United States. Thousands of soldiers and sailors from both sides who survived the horrors of the war faced hardship for the rest of their lives as amputees. Now Guy R. Hasegawa presents the first volume to explore the wartime provisions made for amputees in need of artificial limbs—programs that, while they revealed stark differences between the resources and capabilities of the North and the South, were the forebears of modern government efforts to assist in the rehabilitation of wounded service members. Hasegawa draws upon numerous sources of archival information to offer a comprehensive look at the artificial limb industry as a whole, including accounts of the ingenious designs employed by manufacturers and the rapid advancement of medical technology during the Civil War; illustrations and photographs of period prosthetics; and in-depth examinations of the companies that manufactured limbs for soldiers and bid for contracts, including at least one still in existence today. An intriguing account of innovation, determination, humanitarianism, and the devastating toll of battle, *Mending Broken Soldiers* shares the never-before-told story of the artificial-limb industry of the Civil War and provides a fascinating glimpse into groundbreaking military health programs during the most tumultuous years in American history. Univeristy Press Books for Public and Secondary Schools 2013 edition

The Australian Defence Force prides itself on a longstanding tradition of *Mateship, Courage, and Noble Sacrifice*. The unfortunate truth is that when the war fighting stops it's not the enemy that you have to worry about - it's your own people.

Broken body, broken heart, all he needed was a woman who believed in him from the start...Physical therapy sucked. I hated every miserable minute of it. Until Molly appeared. The sweet, sexy goddess was just pushy enough to make me want to try harder. At everything. Being around her made it impossible to stay angry and bitter. Her infectious optimism made me need to care for her—including posing as a fake date at her sister's wedding. But the sparks flying between us weren't fake. And Molly's sweet curves in my arms weren't fake either. I needed everything she had to offer, wanted her. Wanted to deserve her. I vowed to straighten out my life. Vowed to win her heart. But when her caregiving nature pushes a little too far, it's a cruel reminder of how damaged I am. She deserves a man who is as cheerful as she is, not a brooding man with a cane in his hand, a chip on his shoulder, and a dark, hidden scar on his heart. How could a perfect woman like her love a broken soldier? ***An older man, younger woman standalone romance novella. If you love romance stories with a shy regular curvy girl, a hot alpha male, steamy love scenes and a sweet HEA, this story is just for you! (Safe, no cliffhangers, no cheating.)
