Federal Taxation Comprehensive Topics is a popular teacher-created combination first and second-level tax course that offers comprehensive one-volume coverage of all the most important tax concepts and principles for a solid grounding in federal taxation. It offers clear and concise explanation of fundamental tax concepts in the framework of today's tax practice. Covering both planning and compliance, the book strikes an effective balance between AICPA model curriculum demands and the favored approaches of the majority of today's top tax teachers. Comprehensive Topics introduces students to the complex and absorbing study of federal taxation, covering a broad range of subjects beginning with basic concepts and individual taxation. Once the fundamentals are covered, tax accounting and the taxation of partnerships and corporations become the focus. The final section of the book presents estate and gift taxation coverage, along with income taxation of trusts and estates. Deferred compensation, education savings, international tax, and state and local taxation are also addressed. Written by top tax teachers from across the country, Federal Taxation: Comprehensive Topics presents materials in straightforward language to improve student comprehension. Emphasis is given to the most important topics that have the greatest real-world impact.

CCH's Federal Tax Study Manual is designed to enhance learning and improve comprehension for students of federal tax. Clear and concise summaries along with hundreds of review questions and answers help students understand the complexities of today's tax laws. Designed as an extra aid for students using CCH's industry-leading tax textbooks, the Study Manual highlights and reinforces the key tax concepts presented in: CCH's Federal Taxation: Comprehensive Topics, CCH's Federal Taxation: Basic Principles and CCH's Principles of Business Taxation.
