Tool #1: Letter-writing party The responsibility of writing a letter to the editor can be shared. One way to do this is to hold a letter-writing party, at which you and your friends or colleagues write a planned series of letters that will be sent to the editor. At the party

Afterlives of Chinese Communism comprises essays from over fifty world- renowned scholars in the China field, from various disciplines and continents. It provides an indispensable guide for understanding how the Mao era continues to shape Chinese politics today. Each chapter discusses a concept or practice from the Mao period, what it attempted to do, and what has become of it since. The authors respond to the legacy of Maoism from numerous perspectives to consider what lessons Chinese communism can offer today, and whether there is a future for the egalitarian politics that it once promised.

Distinguished historian of the Soviet period Robert V. Daniels offers a penetrating survey of the evolution of the Soviet system and its ideology. In a tightly woven series of analyses written during his career-long inquiry into the Soviet Union, Daniels explores the Soviet experience from Karl Marx to Boris Yeltsin and shows how key ideological notions were altered as Soviet history unfolded. The book exposes a long history of American misunderstanding of the Soviet Union, leading up to the "grand surprise" of its collapse in 1991. Daniels's perspective is always original, and his assessments, some worked out years ago, are strikingly prescient in the light of post-1991 archival revelations. Soviet Communism evolved and

Acces PDF Chapter 33 Section 2 Communists Take Power In China

decayed over the decades, Daniels argues, through a prolonged revolutionary process, combined with the challenges of modernization and the personal struggles between ideologues and power-grabbers.

The second volume of *The Cambridge History of Communism* explores the rise of Communist states and movements after World War II. Leading experts analyze archival sources from formerly Communist states to re-examine the limits to Moscow's control of its satellites; the de-Stalinization of 1956; Communist reform movements; the rise and fall of the Sino-Soviet alliance; the growth of Communism in Asia, Africa and Latin America; and the effects of the Sino-Soviet split on world Communism. Chapters explore the cultures of Communism in the United States, Western Europe and China, and the conflicts engendered by nationalism and the continued need for support from Moscow. With the danger of a new Cold War developing between former and current Communist states and the West, this account of the roots, development and dissolution of the socialist bloc is essential reading.

"If you are curious and open to the life around you, if you are troubled as to why, how and by whom political power is held and used, if you sense there must be good intellectual reasons for your unease, if your curiosity and openness drive you toward wishing to act with others, to 'do something,' you already have much in common with the writers of the three essays in this book." — Adrienne Rich With a preface by Adrienne Rich, *Manifesto* presents the radical vision of four famous young rebels: Marx and Engels' *Communist Manifesto*, Rosa Luxemburg's *Reform or Revolution* and Che Guevara's *Socialism and Humanity*.

Collects and analyzes seventy years of communist crimes that offer details on Kim Sung's Korea, Vietnam under "Uncle Ho," and Cuba under Castro.

This unique book brings together thoughts of great men and women, not found elsewhere as a complete set, that hold special interest for managers. The ideas contained within are universal and apply to all aspects of civilization; as such, they are relevant to both work and life. The book also provides prime examples of how influential thinkers use language to effectively convey their arguments and intentions OCo an arguably invaluable tool for modern managers. It serves as a source of indispensable advice for business professionals and the general public.

Examines democratic party competition in four post-communist polities in the 1990s. The work illustrates developments regarding different voter appeal of parties, patterns of voter representation, and dispositions to join other parties in alliances. Wider groups of countries are also compared.
