Tap into the power of graphic organizers for classroom success Veteran educator and NCTE trainer Katherine McKnight shows how students can use graphic organizers as an important tool to organize new information. Providing a visual representation that uses symbols to express ideas, concepts, and convey meaning, graphic organizers help to depict relationships between facts, terms, and ideas. The author demonstrates how graphic organizers have proven to be a powerful teaching and learning strategy. Includes 100 graphic organizers—more than any comparable book Included graphic organizers can be used before-, during-, and after-learning activities across the content areas Contains easy-to-follow instructions for teachers on how to use and adapt the book's graphic organizers Offers strategies for teachers to create their own graphic organizers for different grade levels The author Katherine McKnight is a noted literacy educator.

"A basic discussion about the history of the Louisiana Purchase, and how the United States expanded their lands by buying the Louisiana Territory from France"--Provided by publisher.

Celebrate the thirtieth anniversary of the Newbery Honor-winning survival novel *Hatchet* with a pocket-sized edition perfect for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. *Hatchet* has also been nominated as one of America's best-loved novels by PBS's *The Great American Read*. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother's infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

21 days without power. 2 brothers on a desperate trek. 72 hours before time runs out... The Lockwood brothers are supposed to be able to survive anything. Their dad, a hardcore believer in self-reliance, has stockpiled enough food and water at their isolated Nevada home to last for months. But when they are robbed of all their supplies during a massive blackout while their dad is out of town, John and Stew must walk 96 miles in the stark desert sun to get help. Along the way, they're forced to question their dad's insistence on self-reliance and ask just what it is that we owe to our neighbors, to our kin, and to ourselves. From talented newcomer J. L. Esplin comes this story of survival and determination as two young brothers confront the unpredictability of human nature in the face of desperate circumstances. "A suspense thriller, survival story, and a story of the love between brothers. You'll turn the pages and be surprised again and again." Gary D. Schmidt, Newbery Honor Award-winning author of *The Wednesday Wars* "Fast-paced, believable, funny, and poignant. 96 Miles is a great read from the first sentence to the surprising and satisfying ending. I give Esplin's debut novel 100%. Don't miss it!" Roland Smith, New York Times bestselling author of *Peak* "Readers who enjoy realistic survival stories will not be able to put down Esplin's debut.... Filled with survival techniques, danger, and overcoming realistic obstacles, this story will have readers turning pages. A great choice for lovers of Gary Paulsen's *Hatchet* or Roland Smith's *Peak*." School Library Journal At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A hilarious book about learning to share from the much-loved, award-winning author and illustrator Aaron Blabey.

A hilarious, high-stakes adventure involving crooked casino boats, floating fish, toxic beaches, and one kid determined to get justice. This is Carl Hiaasen's *Florida*—where the creatures are wild and the people are wilder! You know it's going to be a rough summer when you spend Father's Day visiting your dad in the local lockup. Noah's dad is sure that the owner of the *Coral Queen* casino boat is flushing raw sewage into the harbor—which has made taking a dip at the local beach like swimming in a toilet. He can't prove it though, and so he decides that sinking the boat will make an effective statement. Right. The boat is pumped out and back in business within days and Noah's dad is stuck in the clink. Now Noah is determined to succeed where his dad failed. He will prove that the *Coral Queen* is dumping illegally . . . somehow. His allies may not add up to much—his sister Abbey, an unreformed childhood biter; Lice Peeking, a greedy sot with poor hygiene; Shelly, a bartender and a woman scorned; and a mysterious pirate—but Noah's got a plan to flush this crook out into the open. A plan that should sink the crooked little casino, once and for all.
