Following the success of the Haynes Thunderbirds Manual, the same author/illustrator team turn their attention to Captain Scarlet, another iconic sci-fi creation of the late Gerry Anderson. This fascinating manual is a technical guide to Spectrum, the global security service of 2068, and features background information, a history of its creation, profiles of leading agents, confidential details of Spectrum ' s most valuable weapon in the fight against the Mysterons, and fully annotated cutaway drawings of Spectrum vehicles. The book finishes with comprehensive Mission Files, making it the complete and essential manual for all Spectrum Agents.

Wuthering Heights is the name of Mr. Heathcliff's dwelling. 'Wuthering' being a significant provincial adjective, descriptive of the atmospheric tumult to which its station is exposed in stormy weather. Pure, bracing ventilation they must have up there at all times, indeed: one may guess the power of the north wind blowing over the edge, by the excessive slant of a few stunted firs at the end of the house; and by a range of gaunt thorns all stretching their limbs one way, as if craving alms of the sun. Happily, the architect had foresight to build it strong: the narrow windows are deeply set in the wall, and the corners defended with large jutting stones. Before passing the threshold, I paused to admire a quantity of grotesque carving lavished over the front, and especially about the principal door; above which, among a wilderness of crumbling griffins and shameless little boys, I detected the date '1500,' and the name 'Hareton Earnshaw.' I would have made a few comments, and requested a short history of the place from the surly owner; but his attitude at the door appeared to demand my speedy entrance, or complete departure, and I had no desire to aggravate his impatience previous to inspecting the penetralium. One stop brought us into the family sitting-room, without any introductory lobby or passage: they call it here 'the house' pre-eminently. It includes kitchen and parlour, generally; but I believe at Wuthering Heights the kitchen is forced to retreat altogether into another quarter: at least I distinguished a chatter of tongues, and a clatter of culinary utensils, deep within; and I observed no signs of roasting, boiling, or baking, about the huge fireplace; nor any glitter of copper saucepans and tin cullenders on the walls. One end, indeed, reflected splendidly both light and heat from ranks of immense pewter dishes, interspersed with silver jugs and tankards, towering row after row, on a vast oak dresser, to the very roof. The latter had never been under-drawn: its entire anatomy lay bare to an inquiring eye, except where a frame of wood laden with oatcakes and clusters of legs of beef, mutton, and ham, concealed it. Above the chimney were sundry villainous old guns, and a couple of horse-pistols: and, by way of ornament, three gaudily-painted canisters disposed along its ledge. The floor was of smooth, white stone; the chairs, high-backed, primitive structures, painted green: one or two heavy black ones lurking in the shade. In an arch under the dresser reposed a huge, liver-coloured bitch pointer, surrounded by a swarm of squealing puppies; and other dogs haunted other recesses.

Despite the tendency of scholarship to rely on accounts of religious women written by men, members if female religious houses or orders were active participants in the religious dialogues of the late Middle Ages and wrote extensively about themselves. This study draws on literary material on church reform produced by German-speaking communities of Italy, Switzerland, Germany and the Low Countries, from a female perspective. In particular, Anne Winston-Allen focuses on the Observant movement which originated in Italy in the 14th century and sought to 'revive piety and reform religious orders'. Through exploring what it was that women wrote about themselves, religious reform, piety and spirituality, she gains a better understanding of the reasons why women supported or opposed the reform and how they portrayed themselves in this process.

John Wainwright is a freak, a human mutation with an extraordinary intelligence which is both awesome and frightening to behold. Ordinary humans are mere playthings to him. And Odd John has a plan - to create a new order on Earth, a new supernatural species. But the world is not ready for such a change ...

Every Haynes manual is based on a complete teardown and rebuild, contains hundreds of "hands-on" photos tied to step-by-step instructions, and is thorough enough to help anyone from a do-it-your-selfer to a professional.

'If ever I forget your name let me forget home and heaven...But no, no, my love, I never can forget 'ee; for you was a good man, and did good things!' Love, and the erratic heart, are at the centre of Hardy's 'woodland story'. Set in the beautiful Blackmoor Vale, The Woodlanders concerns the fortunes of Giles Winterborne, whose love for the well-to-do Grace Melbury is challenged by the arrival of the dashing and dissolute doctor, Edred Fitzpiers. When the mysterious Felice Charmornd further complicates the romantic entanglements, marital choice and class mobility become inextricably linked. Hardy's powerful novel depicts individuals in thrall to desire and the natural law that motivates them. This is the only critical edition of The Woodlanders based on a comprehensive study of the manuscript and incorporating later revisions. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

" At the time it was first published in 1962, it framed such an urgent appeal to the American conscience that it actually prompted the creation of the Appalachian Regional Commission, an agency that has pumped millions of dollars into Appalachia. Caudill ' s study begins in the violence of the Indian wars and ends in the economic despair of the 1950s and 1960s. Two hundred years ago, the Cumberland Plateau was a land of great promise. Its deep, twisting valleys contained rich bottomlands. The surrounding mountains were teeming with game and covered with valuable timber. The people who came into this land scratched out a living by farming, hunting, and making all the things they need-including whiskey. The quality of life in Appalachia declined during the Civil War and Appalachia remained " in a bad way " for the next century. By the 1940s, 50s, and 60s, Appalachia had become an island of poverty in a national sea of plenty and prosperity. Caudill ' s book alerted the mainstream world to our problems and their causes. Since then the ARC has provided millions of dollars to strengthen the brick and mortar infrastructure of Appalachia and to help us recover from a century of economic problems that had greatly undermined our quality of life. " -Print ed.

#1 New York Times bestselling author Frederick Forsyth delivers an international thriller that takes readers into the darkest hearts of men and nations... In a remote corner of the impoverished African republic of Zangaro lies Crystal Mountain. At certain times of the day, the mountain itself seems to glow with a strange light. Only the ruthless and untouchable tycoon Sir James Manson knows why: the mountain contains billions of dollars worth of the world ' s most valuable mineral—platinum. And he wants it all. To do so, he must first remove the unfriendly government currently in power and replace it with a puppet regime. Towards this end, Manson hires the deadly Cat Shannon and his team of mercenaries to do the dirty work. But he didn ' t realize how bloody things were going to get. And when he betrays the mercenaries to a brutal fate, he doesn ' t realize how far Shannon is willing to go for revenge...
