A witty collection of essays and poetry from the longest-running writer's group in Florida: the Dead Writers Club (and the Pointer Institute for Media Studies). They make the Algonquin Round Table look like a bunch of dead people. Topics include: Training Yard Lizards (Anoles); Community Bicycles; Woodman, Spare That \$10 Tree; Tree Laws Kill Trees; How To Avoid Police (& Police States); Martin Niemöller & Guns; Nazis & Not-Sees; The USSR & Soviet Socialism; Capitalist Pearls; More on Democracy & Dumbocracy (Poetry); Skippy and the Pledge of Allegiance. Wait, there's more! The author Ian Timmy provides bonus material explaining the work of the historian Dr. Rex Curry, including: (1) the USA's Pledge of Allegiance to the flag was the origin of the Nazi salute and Nazi behavior; and (2) the swastika, although an ancient symbol, was also used to represent crossed "S" letters for "socialism" under Nazism (the National Socialist German Workers Party). Timmy and his assistants collect old photos and film footage of the early Pledge of Allegiance showing the origin of the notorious stiff-armed salute. The Nazi salute was performed by public officials in the USA from 1892 through 1942. What happened to old photographs and films of the American Nazi salute performed by federal, state, county, and local officials? Those photos and films are rare because people don't want to know the truth about the government's past. Public officials in the USA who preceded the German socialist (Hitler) and the Italian socialist (Mussolini) were sources for the stiff-armed salute (and robotic chanting) in those countries and other foreign countries. See how Boy Scouts and Girl Scouts helped spread the Nazi salute and the swastika to Germany and elsewhere. Discover how the military salute was the origin of the Nazi salute. The author Ian Timmy resides in Key West, Florida, for most of the year, with his dog and his cat, overlooking the water. "Drug Detection Dog Training - Libertarian Lawyers Fight Police State USA," is another book by Timmy. Timmy is also the author of the groundbreaking book "Pledge of Allegiance & Swastika Secrets."

Chronicles the Nazi's rise to power, conquest of Europe, and dramatic defeat at the hands of the Allies.

In a classic work of alternate history, the United States is divided up and ruled by the Axis powers after the defeat of the Allies during World War II. Reissue. Winner of the Hugo Award for Best Novel.

"Third Reich" is a term used by so-called scholars and news journalists (and Wikipedia posters) to hide the fact that Adolf Hitler called his regime "Socialism," according to author Ian Timmy. His book reveals the amazing discoveries of the symbologist Dr. Rex Curry including: That scholars, journalists (and wikipedia) cite no example of Hitler ever using the term "Third Reich." Other writers use the terms "Nazi" and "Fascist" and "Third Reich" as if Hitler tossed them around all the time. Dr. Curry shows that those terms were not used as self-identifiers by the self-avowed socialist Hitler. And here are more revelations: (1) Swastikas represented crossed "S" letters for "SOCIALISTS" under Adolf Hitler; (2) Nazi salutes and Nazi behavior originated from the USA's Pledge of Allegiance to the flag; (3) The Nazi salute came from the military salute (as used in the original Pledge of Allegiance in the USA); (4) Hitler's book Mein Kampf does not contain the word "Nazi" in any form; (5) Mein Kampf does not contain the phrase "Third Reich"; (6) Mein Kampf does not contain the word "Fascist" ever as a self reference by Hitler; (7) Mein Kampf does not contain a single use of the word "swastika"; (8) Nazis did not call their symbol a "swastika"; (9) Swastikas represented crossed "S" letters for "SOCIALISTS" under Hitler; (10) Nazi salutes and Nazi behavior originated from the USA's Pledge of Allegiance to the flag; (11) The Nazi salute came from the military salute (as used in the original Pledge of Allegiance in the USA); (12) The word "Fascist" is related to the word "faggot"; (13) Vienna, Austria (Hitler was born in Austria) is the origin of the word "wiener"; (14) The word "Kampf" in Hitler's "Mein Kampf" is related to these words: campaign, champagne, champignon, champion, champ, camp, and campus; (15) Learn about the socialist Wholecaust (of which the Holocaust was a part); The Third Reich salute was performed by public officials in the USA from 1892 through 1942. What happened to the photographs and films of the American fascist salute performed by federal, state, county, and local officials? Those photos and films are rare because people don't want to know the truth. Public officials in the USA who preceded the Adolf Hitler and the Benito Mussolini were sources for the stiff-armed salute (and robotic chanting) in those countries and other foreign countries. Explore how the "ancient Roman salute" myth originated from the city of Rome in the state of New York (not Italy), Francis Bellamy's hometown. Learn about Mussolini's strange gift to the city of Rome, NY: a statue of two human male infants suckling on a female wolf. That statue remains on display in Rome, NY. Replacing conveniently manufactured myths with surprising research, Timmy reminds us of the history of robotic chanting en masse and on cue, accompanied by violence for anyone who refused to submit. Who are the real Nazis in our midst? According to the author Ian Timmy, the quintessential Nazi isn't an SS storm trooper anymore; it is a public school teacher brainwashing children every day for 12 years of their lives. The pledge remains the first bullying that begins each day in government schools (socialist schools) in Police State USA. Find out why, if the truth were taught about the Pledge of Allegiance, then everyone (other than fascist kooks) would refuse to perform Francis Bellamy's quotidian mechanical ritual. Remove the pledge from the flag; remove the flag from schools; remove schools from government. The Pointer Institute proudly presents another news-breaking volume from the Dead Writers Club (DWC) and Ian Timmy and the new academic fields of Anarchaeology and Misanthropology. A portion of the proceeds of the sale of this book will aid the "Stop the Pledge Foundation" to liberate children and adults from the Pledge of Allegiance in the USA. For more information please write to: pledge-of-allegiance@earthlink.net

By his early thirties, Paul Allen was a world-famous billionaire-and that was just the beginning. In 2007 and 2008, Time named Paul Allen, the cofounder of Microsoft, one of the hundred most influential people in the world. Since he made his fortune, his impact has been felt in science, technology, business, medicine, sports, music, and philanthropy. His passion, curiosity, and intellectual rigor-combined with the resources to launch and support new initiatives-have literally changed the world. In 2009 Allen discovered that he had lymphoma, lending urgency to his desire to share his story for the first time. In this classic memoir, Allen explains how he has solved problems, what he's learned from his many endeavors-both the triumphs and the failures-and his compelling vision for the future. He reflects candidly on an extraordinary life. The book also features previously untold stories about everything from the true origins of Microsoft to Allen's role in the dawn of private space travel (with SpaceShipOne) and in discoveries at the frontiers of brain science. With honesty, humor, and insight, Allen tells the story of a life of ideas made real.

Michael Burleigh's The Third Reich presents a major study of one of the twentieth century's darkest periods. Until now there has been no up-to-date, one-volume, international history of Nazi Germany, despite its being among the most studied phenomena of our time. The Third Reich restores a broad perspective and intellectual unity to issues that have become academic subspecialties and offers a brilliant new interpretation of Hitler's evil rule. Filled with human and moral considerations that are missing from theoretical accounts, Michael Burleigh's book gives full weight to the experience of ordinary people who were swept up in, or repelled by, Hitler's movement and emphasizes how international themes for Nazi Germany appealed to many European nations. It also focuses on the Nazi's wartime conduct to dominate the Continental economy and involve gigantic population transfers and exterminations, recruitment of foreign labor, and multinational armies.

Alastair Williams argues that the social transformations of 1968 led to a new phase of art music in Germany.

An iconoclastic exposé of the modern-day world of infotainment that masquerades as the news takes a critical look at such media pundits as Bill O'Reilly, Joe Scarborough, Peggy Noonan, Dennis Miller, Tucker Carlson, and Laura Ingraham to show how they function as mouthpieces for the Republican Party, George Bush, and conservative warmongers. 35,000 first printing.
