When Julie Miller began writing her successful developmental math series, one of her primary goals was to bridge the gap between preparatory courses and college algebra. For thousands of students, the Miller/O ' Neill/Hyde (or M/O/H) series has provided a solid foundation in developmental mathematics.

College Algebra Essentials: Miller, Julie: 9780078035616 ---

Julie Miller wrote her developmental math series because students were coming into her Precalculus course underprepared. They weren ' t mathematically mature enough to understand the concepts of math nor were they fully engaged with the material. She began her developmental mathematics offerings with intermediate algebra to help bridge that gap.
