style and straightforward explanations he maintains the same high level of interest and accessibility in this new book. The content of Complete Biology has been drawn from an analysis of all syllabuses with added material to ensure a match for IGCSE. The content is sufficient to stretch your students aiming for the top grades without sacrificing ease of understanding. · Double-page spreads increase accessibility · Questions on every spread for students to check their understanding, and learning objectives at the beginning to quickly identify relevant pages · Plenty of examination style questions set at two levels · Provides an excellent foundation for students wishing to progress to A-Level Biology · Allows students to appreciate the everyday importance of Biology

Don't know much about biology? The

Acces PDF Complete Biology

Complete Idiot's Guide® to College Biology follows the curriculum of Biology 101 so closely that it serves as a perfect study guide, and it's also great for AP Biology and SAT Subject Biology exams that high school students are taking in droves. Students can turn to it when their textbooks are unclear or as an additional aid throughout the semester. ?The number of high school students who took AP Biology in 2008 increased 7 percent over the previous year (more than 154,000) ?College biology doesn't just lead to medical, dental, or veterinary school- biotechnology and biochemical jobs remain hot in today's job market ?Follows in the footsteps of The Complete Idiot's Guides® as a terrific supplementary reading for AP Biology, though it follows the curriculum of the college Intro to Biology course.
