Coltan, or “blue gold,” is a rare mineral used in making cell phones and computers. Across continents, the lives of three teen girls are affected by the “blue gold” trade. Sylvie’s family had to lee the Democratic Republic of the Congo after her father was killed by a rogue militia gang in the conlict for control of coltan. The refugee camp where she now lives is deplorable, and Sylvie yearns for a way out—to save not only herself, but her remaining family. Laiping labors in a Chinese factory, soldering components for cell phones. She had left her small village to make her fortune, but the factory conditions are crushing, and the constant pressure to send money home adds to her misery. Yet when Laiping tries to improve her situation, she sees what happens to those who dare question the electronics company’s policies. Fiona is a North American girl who, in one thoughtless moment, takes a picture on her cell phone she comes to regret. In the aftermath, she learns not only about trust and being true to oneself, but the importance of fighting for what is right. All three teens are unexpectedly linked by these events. Elizabeth Stewart conducted extensive research to authentically capture the experiences of all three girls. The result is an intense and powerful story about their struggles to create better lives for themselves in the face of the world’s increasing appetite for coltan.

Matt is six years old when he discovers that he is different from other children and other people. To most, Matt isn't considered a boy at all, but a beast, dirty and disgusting. But to El Patron, lord of a country called Opium, Matt is the guarantee of eternal life. El Patron loves Matt as he loves himself - for Matt is himself. They share the exact same DNA. As Matt struggles to understand his existence and what that existence truly means, he is threatened by a host of sinister and manipulating characters, from El Patron's power-hungry family to the brain-deadened ejits and mindless slaves that toil Opium's poppy fields. Surrounded by a dangerous army of bodyguards, escape is the only chance Matt has to survive. But even escape is no guarantee of freedom... because Matt is marked by his difference in ways that he doesn't even suspect.
