Much confusion exists in the accurate identification and classification of the many disorders in infancy which affect the skeleton by producing sclerosing lesions throughout the entire skeleton or in selected areas. A scholarly effort to bring order into this confusing field must be welcomed. Professors Beighton and Cremin have

skillfully defined the problem and concisely yet thoroughly have identified the various sclerosing dysplasias. They bring to this task a wealth of clinical experience in their many years in the Departments of Radiology at the University of Cape Town Medical School and the Groote Schuur and Red Cross Children's Hospitals in Cape Town, South Africa. The authors also have had available data from the University of Cape Town Skeletal Dysplasia Registry. Professors Beighton and Cremin have used as a basis for their treatise the Paris Nomenclature (the modified version of 1977). This monograph is a felicitous combination of a working atlas and a scholarly exposition of the various sclerosing bone

dysplasias, considering in detail eighteen major entities adopted from the Paris classification.

Other disorders which present with osteosclerosis are also described. These include Caffey disease, oculodento-osseous dysplasia, central osteosclerosis with bamboo hair, fluorosis, osteosclerosis associated with renal disease and mastocytosis.

Os traumatismos cranioencefálicos, os traumas do raque, as lesões de Membros Superiores e Inferiores e algumas de abdome, mais as manifestações psiquiátricas pós-trumáticas, formam o núcleo clínico de maior interesse. O exame dos Procedimentos Diagnósticos por Imagens, além da metodologia em Teletermografia e os Exames Práticos mais recentes (tipo Flexiteste), formam o núcleo funcional. Por derradeiro, o autor,

dedicado há mais de trinta anos a perícias no âmbito da Medicina Legal, reúne nesta obra uma série de conceitos fundamentais, que serão bastante úteis para aqueles que começam a trilhar esses árduos caminhos. Em menos de dois anos, a Editora J.H. Mizuno manifestou seu interesse em obter material para uma 2ª edição, que contasse com alguns tópicos específicos que sempre parecem apresentar-se como tabu na nossa área de atuação, em que o médico-legista cada vez quer enxergar de menos, para não se ver envolvido demais. A Editora J.H. Mizuno aceitou o desafio de investir em uma área na qual existem poucos textos no mercado nacional, confiante em que nosso trabalho preencheria

as exigências de um público restrito mas exigente. A Editora J.H. Mizuno, então, não mediu esforços para, com a excelência de trabalho que lhe é peculiar, entregar em tempo recorde esta segunda edição da obra pronta, com uma qualidade que só vem a valorizá-la.
