The Beginning. The early days of Cousins Maine Lobster are very similar to those of Apple or Facebook, in that they were founded by men in California. In 2011, as Father Winter deposited snow on Boston, Jim made the trek out to Los Angeles to visit Sabin, for some vitamin D and to reconnect with Sabin. Over an afternoon of playing NHL '94, a game they began playing in Maine when it was released and still played on a daily basis in the CML offices 20 years later, the Cousins discussed ...

We didn't try the bisque or chowder or any of the other choices they offer (maybe next time), but were quite happy with the sandwiches we ordered. The lobster is sweet and tender and tastes fresh (although in Ohio it can't be straight off the boat). The only thing missing from our last trip to Maine was the blueberry pie.

Together these cousins are co-authors of their book Cousins Maine Lobster: How One Food Truck Became a Multimillion-Dollar Business and also an organization Cousins for a Cause partnered with Big Brothers, Big Sisters of Los Angeles focusing on giving back to the community for the positive influence on children.

"Required Reading," The New York Post From the co-founders of the smash hit Cousins Maine Lobster food trucks comes a business book revealing to new entrepreneurs how the authors built their brand through integrity and authenticity. In early 2012, Jim Tselikis visited L.A. and met up with his cousin Sabin Lomac. Over a few drinks they waxed nostalgic about their childhood in Maine, surrounded by family, often elbow deep in delicious lobster while gathered around the picnic table. From this strong memory was born the very first Cousins Maine Lobster food truck. Smart, authentic marketing, and sustainable, delicious ingredients helped turn that one food truck into an overnight sensation. Then, in just three years, they went from a single food truck to a nationally-franchised legion of trucks, an online delivery service, and a brick-and-mortar restaurant, grossing over \$15 million dollars in sales a year. Start-up fever has taken hold of America, and there are hundreds of books to teach readers how to become an entrepreneur; this is the first book to answer the question: What's next? At each step, Jim and Sabin were faced with hard decisions—opening each new food truck carefully instead of rushing to meet the demand; turning down a six-figure franchise offer because it came from someone who didn't support their vision; turning down Shark Tank (twice) until they could insist on participating only if Barbara Corcoran was one of the Sharks. Now Jim and Sabin teach readers how they, too, can reach the next level of success in their own businesses, without having to compromise themselves.

One beautiful day at the beach, Linda and Erik see a lobsterman pulling up traps. Linda and Erik are curious about how he catches lobsters. They ask their father about it and he takes them down to the pier to meet his friend, Big Joe, the lobsterman. Big Joe invites them to come along with him for the day to find out all about it. Join Linda and Erik on their first lobstering expedition. It is an exciting and informative adventure at sea, where they learn about the age-old trade of lobstering and encounter a variety of sea life -- including an uninvited shark!

The "wonderful first novel about life, love, and lobster fishing" (USA Today) from the #1 bestselling author of Eat Pray Love, Big Magic and City of Girls Off the coast of Maine, Ruth Thomas is born into a feud fought for generations by two groups of local lobstermen over fishing rights for the waters that lie between their respective islands. At eighteen, she has returned from boarding school-smart as a whip, feisty, and irredeemably unromantic-determined to throw over her education and join the "stern men"working the lobster boats. Gilbert utterly captures the American spirit through an unforgettable heroine who is destined for greatness-and love-despite herself in this the critically acclaimed debut.

The Beachcomber Motel needs a miracle. Jules Whittier is starting to regret the promise she made to her grandmother on her deathbed. The motel is even more dilapidated than it looked like in the pictures and it turns out that renovating it includes working with her estranged cousins Maddie and Gina—the same cousins who caused her to fail at running the last motel. But there's no getting around the stipulations in Gram's will, and Jules needs to make a success of the Beachcomber, not only because of the promise she made but also to prove to herself that she's not a failure. Nick Barlow doesn't understand why anyone would want to renovate a dusty old hotel in a town that has no tourists, but when Jules comes in asking for the loan, he's smitten and can't get the application off the printer fast enough. Things are dull around Shell Cove and he's looking forward to doing business with his new client... until his grandfather, the bank president, gives him a dire warning about Jules and her family and then refuses to approve the loan. Maddie Montgomery has made a promise to her grandmother, too. She needs to help Jules and Gina reconcile. But, as she soon finds out, that might not be the only reason Gram sent her to Shell Cove. The town needs her special brand of optimism and organization to keep it from dying out completely. Gina Gallagher's life has hit rock bottom. Her real estate tycoon husband has disappeared after cleaning out both their business and personal bank accounts. When her grandmother makes her promise to learn to find joy in the little things and help out at the Beachcomber, she has no energy to refuse. Right now she has nowhere else to stay, but she doesn't plan to keep her promise for long... until her stay at the Beachcomber yields some unexpected surprises. None of them really wanted to come to the Beachcomber, but could the old motel be the exact thing each of them needs?

A breezy feel-good beach read about trust and friendship set in a quaint seaside town on the coast of Maine. Claire Turner finally has everything she wants. A successful business, a small bungalow near the beach, and the camaraderie of her two best friends. She's successful and independent—something she would never have thought possible before her husband's midlife crisis and their subsequent divorce. When a rival business opens across the street, Claire worries that she could lose everything she's worked for. Her entire sense of self-worth is tied up in her bakery and café, Sandcastles, and she suddenly finds herself taking desperate measures to make sure she doesn't lose business to the newcomer. Is Claire overreacting? Her friends think it's possible, but will they be able to talk her off the ledge before she does something drastic? Her friends are dealing with their own problems. Jane's beloved mother, Addie, has dementia, and it's getting worse. Jane has her hands full trying to run the family inn and keep Addie safe. When Addie wanders away from the inn, Jane faces the hardest decision of her life. And then there's Maxi. On the surface it appears as if she has an idyllic marriage, but does she really? Now that she and James are empty nesters, things aren't the same, and Maxi worries that James may not be interested in staying married. But Maxi has dreams of her own, dreams that she had to set aside while she was caring for her husband and children. Now that she has an empty nest, will she be able to find the courage to turn those dreams into reality? This is Book 1 in the Lobster Bay series—a heartwarming journey of friendship, love, and loss set in a quaint beach town with a touch of romance in every story. Join the group of friends as they help each other overcome their obstacles and discover that every cloud really does have a silver lining. Read the Lobster Bay Series: Saving Sandcastles Changing Tides Making Waves

The Maine lobsterboat is known and admired all over the country. This is a book on how to build one of these beautiful boats from start to finish. Over the years, many hundreds of these craft have been built so hat the methods of construction details have been worked out and refined to an unusual degree. For their size, these lobsterboats withstand some of the harshest possible use, as most of them fish all winter off the stormy coast of Maine. Such a boat has to be good to survive. There are differences in the boats from one part of the coast to another, and from one boat to another within an area. But the boats from Beals Island and Jonesport have always been highly regarded, especially for their graceful good looks and high speed. The late Will Frost's boats were always advanced for their day, and it was not at all strange that during Prohibition his shops on Beals Island and Jonesport were engaged to build some fast, high-powered rumrunners. His influence has much to do with the modern Maine lobsterboat as we know it today. Not a little of Will Frost's thinking about lobsterboats was passed on to his grandson Royal Lowell, the author of this book.

Fall in love with Lucky! This amazing hardcover picture book is a true story about Lucky, a little puppy that only Christy Gardner, an Army Veteran who has two prosthetic legs, saw potential in. He was a little puppy born with an unusual front leg. Others saw him with a flaw, Christy saw him with lots of love to give. She was already training puppies to become service/therapy dogs. The story of Lucky is that of a special puppy with an incredible personality and a special mission. Who knows what his fate would have been if Christy had not given him a helping hand? You see, Lucky was a puppy that no one wanted to care for. Christy immediately felt a connection with him. Read how Christy and her service dog, Moxie, took Lucky into their home. He will warm your heart and put a smile on your face. Moxie teaches Lucky that he can do things like other puppies can, he just has to figure out his own way. This story is about anti-bullying, and that being different is ok, and to never, never give up...happy trails!

" A thorough and engaging history of Maine's rocky coast and its tough-minded people. " —Boston Herald " [A] well-researched and well-written cultural and ecological history of stubborn perseverance. " —USA Today For more than four hundred years the people of coastal Maine have clung to their rocky, wind-swept lands, resisting outsiders' attempts to control them while harvesting the astonishing bounty of the Gulf of Maine. Today's independent, self-sufficient lobstermen belong to the communities imbued with a European sense of ties between land and people, but threatened by the forces of homogenization spreading up the eastern seaboard. In the tradition of William Warner's Beautiful Swimmers, veteran journalist Colin Woodard (author of American Character: A History of the Epic Struggle Between Individual Liberty and the Common Good) traces the history of the rugged fishing communities that dot the coast of Maine and the prized crustacean that has long provided their livelihood. Through forgotten wars and rebellions, and with a deep tradition of resistance to interference by people " from away, " Maine's lobstermen have defended an earlier vision of America while defying the " tragedy of the commons " —the notion that people always overexploit their shared property. Instead, these icons of American individualism represent a rare example of true communal values and collaboration through grit, courage, and hard-won wisdom.

Books, beach roses, ... and bodies. Bookseller and recent divorcee Max Sayers has risked her life savings to start a fresh chapter with the purchase of Seaside Cottage Books in cozy Snug Harbor, Maine. But she's barely opened the shop's doors when her new storybook life takes a dark turn. The morning after the grand opening--featuring a famous author who shows up at the store on the arm of Max's ex-husband--Max's rescue dog Winston finds a dead man on the beach behind the shop. The murder weapon? An antique flation doorstop... from Max's bookstore.Will Max solve the case before the murderer strikes again? Or will her bright new beginning turn into a killer of an ending?
