The valves of air and CO2 guns need a small

# Acces PDF Crosman 2240 Owners Manual

amount of lubricant. Crosman Pellgun Oil® is the proper lubricant for the job. A drop of Pellgun Oil on the end of a CO2 cylinder is sufficient to lubricate the seals that engage the neck of the cylinder. A drop of the oil on pivot points and O-ring seals will keep things working smoothly.

Things I liked: The Crosman 2240 has been a long-time favorite. Most serious shooters have paid for the steel breech upgrade on their non-XL model. If I were buying new today, I would spend the extra \$30 and get the Diana Airbug instead.
