Darkest Powers Trilogy (Darkest Powers, #1-3) by Kelley ...

The Darkest Powers is a series of paranormal novels by Kelley Armstrong. The series revolves around The Edison Group, a team of supernatural scientists, and the subjects they have experimented on. The novels are divided into two trilogies. The Summoning, The Awakening, and The Reckoning comprise The Darkest Powers trilogy, which follows fifteen-year-old necromancer Chloe Saunders. The Gathering, The Calling, and The Rising comprise The Darkness Rising trilogy, which follows a sixteen-year-old gi

Darkest Powers is a young adult urban fantasy trilogy. It's set in the same universe as the Otherworld series, but with entirely new characters who are teenagers who have increased powers after being modified before birth. The Summoning Chloe Saunders sees dead people. Yes, like in the films. The problem is, in real life saying you see ghosts gets you a one-way ticket to the psych ward. And at ...

The Darkest Powers Series is probably the first trilogy you should read especially since this trilogy was actually published before the Darkness Rising series. It also seems to take place at a similar time, because Dr. Davidoff is still mentioned to be alive in the first book of the Darkness Rising series(The Gathering).

Kelley Armstrong's New York Times bestselling Darkest Powers trilogy is collected here for the first time! The Summoning: Chloe is locked up in Lyle House, a "special home" for troubled teens. Yet the home isn't what it seems. There is definitely more to Chloe's housemates than meets the eye. The question is, whose side are they on? It's up to her to figure out the dangerous secrets behind Lyle House . . . before its skeletons come back to haunt her. The Awakening: Chloe Saunders is a living science experiment--not only can she see ghosts, but she was genetically altered by a sinister organization called the Edison Group. She's a teenage necromancer whose powers are out of control, which means she can raise the dead without even trying. Now Chloe's running for her life with three of her supernatural friends--a charming sorcerer, a cynical werewolf, and a disgruntled witch--and they have to find someone who can help them before the Edison Group catches them. The Reckoning: Chloe Saunders's life is not what you would call normal. First of all, she can't figure out how she feels about a certain antisocial werewolf or his charming brother--who just happens to be a sorcerer. Then there's the fact that she's running for her life from an evil corporation that's trying to kill her and her supernatural friends. And finally, she's a genetically altered necromancer who can raise the dead, rotting corpses and all, without even trying. But Chloe has a plan. And the end is very near.

My name is Chloe Saunders and my life will never be the same again. All I wanted was to make friends, meet boys, and keep on being ordinary. I don't even know what that means

anymore. It all started on the day that I saw my first ghost—and the ghost saw me. Now there are ghosts everywhere and they won't leave me alone. To top it all off, I somehow got myself locked up in Lyle House, a "special home" for troubled teens. Yet the home isn't what it seems. Don't tell anyone, but I think there might be more to my housemates than meets the eye. The question is, whose side are they on? It's up to me to figure out the dangerous secrets behind Lyle House . . . before its skeletons come back to haunt me.

Book II in the Darkest Powers trilogy takes us deeper into a world where the supernatural intrudes on the everyday with riveting effect. If you had met me a few weeks ago, you probably would have described me as an average teenage girl – someone normal. Now my life has changed forever and I'm as far away from normal as it gets. A living science experiment – not only can I see ghosts, but I was genetically altered by a group of people who call themselves The Edison Group. What does that mean? For starters, I'm a teenage necromancer whose powers are out of control: I raise the dead without even trying. Trust me, that is not a power you want to have. Ever. I'm running for my life with three of my supernatural friends – a charming sorcerer, a cynical werewolf, and a disgruntled witch – and we have to find someone who can help us gain our freedom back before The Edison Group finds us first. Or die trying.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.
