Das Kapital | Description & Facts |
Britannica

Das Kapital, Karl Marx's seminal work, is the book that above all others formed the twentieth century. From Kapital sprung the economic and political systems that at one time dominated half the earth and for nearly a century kept the world on the brink of war. Even today, more than one billion Chinese citizens live under a regime that proclaims fealty to Marxist ideology.

Author ' s Note: Karl Marx points-out that many industrialists ' resisted ' legal reforms regarding the reducing of the length of the working day (in the 1800s) through a fallacious argument that can only be described as ' pseudo-economics ' . In this bizarre argument, bourgeois economists colluded with the industrialists by suggesting that the last hour of the twelve-hour working...
