" Deep Church is the book we need--it's a genuine third way. Jim Belcher is poised like no other to evaluate the emerging movement: he knows theology, he loves the church, he cares about twentysomethings, he knows the entire emerging movement, and he remains faithful to theological orthodoxy. Most of all, Deep Church avoids the clamor for extremes. There are only two or three really good books about the emerging movement, and this is the best analysis I've seen."

Then he offers his own critique of both cases and describes a third way, which he calls “deep church,” that is meant to take what is best and discard what is worst from both sides. Third Way is a centrist think tank that offers fresh thinking and modern solutions to the most challenging problems in U.S. public policy, including the economy, energy, national security and social policies.

If you feel caught between the traditional church and the emerging church, read Jim Belcher. He paints a picture of an alternate, "deep" church--a missional church committed to both tradition and contemporary culture, valuing innovation in worship, arts and community but also adhering to creeds and confessions.

In our Western, post-Christendom society, much of Christianity's cultural power, privilege, and influence has eroded. But all is not lost, says bestselling author Gerald Sittser. Although the church is concerned and sobered by this cultural shift, it is also curious and teachable. Sittser shows how the early church offers wisdom for responding creatively to the West's increasing secularization. The early Christian movement was surprisingly influential and successful in the Roman world, and so different from its two main rivals--traditional religion and Judaism--that Rome identified it as a "third way." Early Christians immersed themselves in the empire without significant accommodation to or isolation from the culture. They confessed Jesus as Lord and formed disciples accordingly, which helped the church grow in numbers and influence. Sittser explores how Christians today can learn from this third way and respond faithfully, creatively, and winsomely to a world that sees Christianity as largely obsolete. Each chapter introduces historical figures, ancient texts, practices, and institutions to explain and explore the third way of the Jesus movement, which, surprising everyone, changed the world.

Follow pastor Jim Belcher and his family as they take a pilgrimage through Europe, seeking substance for their faith in Christianity's historic, civilizational home. What they find, in places like Lewis's Oxford and Bonhoeffer's Germany, are glimpses of another kind of faith—one with power to cut through centuries and pierce our hearts today.

The major cultural changes in Western societies since the Reformation have created a serious challenge for the church. Modernity in particular has been inhospitable to Christian orthodoxy and many have been tempted to reject classical versions of the faith. This has led to a division within churches that Walker and Parry name the third schism, a divide between those who believe and practice the central tenets of Christian tradition and those who do not. The authors have adopted and adapted C. S. Lewis' phrase deep church to highlight the necessity of remembering our past in order to recover historic Christian orthodoxy. This book is a call to deep church, to remember our future, to make a half-turn back to premodernity; not in order to repeat or relive the past, but in order to draw on its rich yet often-forgotten resources for the here and now.

More than ever, Walter Wink believes, the Christian tradition of nonviolence is needed as an alternative to the dominant and death-dealing "powers" of our consumerist culture and fractured world. his message to politics and nonviolence, the history of nonviolent efforts, and how nonviolence can win the day when others don't hesitate to resort to violence or terror to achieve their aims.

America is experiencing extreme polarization and fragmentation that could split the country in two. How can we bring America back together before its too late? Laying out a quadrant framework of understanding today's political climate, Jim Belcher reveals both why we're divided and how to move beyond the left-right stalemate toward a new vital center.

Suggests that modern religion is too fast paced and that a slower approach should be used so that parishioners get a more fulfilling experience.

The Megachurch Book juxtaposes the way of the scripture to the way of the modern day church, particularly the megachurch. A broad range of subjects are explored including church membership, lavish buildings, dual church locations, the absence of men in the church, neglect of community, the corporate orientation of the megachurch, the tax exempt charter, and many more intriguing topics. The book primarily focuses on trends and practices that are found in African American community based megachurches. Certain topics are written in prose and biblical metaphoric style for greater impact. The more biblical versed a reader is, the more the book will resonate. In order to accommodate various levels of biblical familiarity, the author includes a Discussions and Supporting Scriptures section at the conclusion of each topic. The Megachurch Book was written to open dialogue, invoke discourse, and inspire church attendees to not only consider the appropriateness of certain megachurch practices, but to also question such practices.

Three young children, Mal, Ari and Martha, have been "touched" and are in possession of enormous talents, bestowed on them by a chance encounter with the Young Master. Ari is on the run, while Mal and Martha attempt to keep their enemy at bay. The Strange Man is back and he's got even more sinister tricks up his sleeve ...

I found this book on Bookbub, and am thrilled with what I've read. I wish every Christian would read it--especially every pastor and leader. My husband (who is a pastor) and I had already come to these conclusions before I found this book, but it gives me great hope that others are seeing the same disastrous problems. We have created a "monster" that we call "church" which little resembles the New Testament kind, and people are fleeing it. For all the promise of the "contemporary" style church, it isn't really much better. The church is failing to make disciples and failing to make any real impact in the culture, and it's all because we have failed to make authentic (true) converts. It's that simple. It's easy to make a disciple of someone who has been truly converted. Otherwise, with our usual crop of "decisions," it's like pushing a rope to get any serious commitment or Christlikeness out of them. The Bible says that Jesus is the Door, but to be brutally honest, the only way through that Door is to crawl--in repentance, submission (brokenness), and faith. We are no different than the church of the Middle Ages that baptized babies for salvation, leaving millions of people still in their sins. There isn't really any such thing as "a church for the unchurched" as many like to claim today. We should be the church of the redeemed, but we have become a church of the unsubmitive, unrepentant, unconverted, uncommitted, and unfaithful. And it all goes back to one thing--real salvation thru real repentance and real faith in Jesus Christ."-M.J. Freeman ..". thought provoking book showing true believers in Jesus Christ the need to examine the methods we are using to evangelize our children... the author backs up all of her writing with scripture, the true ^{Word of God.} -Alicia Canner " ...Wow what an eye opener, it opened my eyes to

the real meaning of being born again. Not only a book to help with the youth but for everyone..."-Malinda Zemrose As Christian women, there is probably nothing more heartbreaking than seeing our children turn from God. We spend thousands of dollars, and sacrifice countless hours to VBS, Bible clubs, Youth outings, Church camp, and children's parties every year. We build elaborate stage sets, plan fantastic carnivals, and youth extravaganzas and bus in all the children and teens we can find in the hopes of leading them to Christ; and yet we are still losing them. We see the grown-up children, the "fruits" of our outreaches, living as practical Atheists. They walk and talk and act like the world, even loving the world, and though they claim to be saved, evidence of life in Christ is conspicuously absent. Even our own children are abandoning the faith. They have asked Jesus into their hearts and yet we see them turn from God at staggering rates. Statistics show that no less than half have turned from God by High School age and closer to two thirds by the time they finish college. What we're doing is just not working! In *Why Are We Losing the Kids?* You'll see where we have gone wrong and where to go from here. - We can turn the tide on our failing ministry efforts! - We can share the gospel without creating false converts or backsliders! - We can keep the kids if we'll follow God's plan! The Bible has the answers if we're willing to hear them!
