The Doctor, Rose and Captain Jack have to fight for their lives on board the Game Station. 43 mins Available for over a year. 13. The Parting of the Ways.

BBC iPlayer - Doctor Who
Doctor Who is the longest running sci-fi show in the world, and a flagship BBC property. First appearing on air in 1963, it follows the adventures of the Doctor, a Time Lord who travels through time and space, fighting alien monsters and saving the universe.

This ancient Time Lord manual has been kicking around the TARDIS for thousands of years, giving the Doctor plenty of time to 'improve' it with scribbles, doodles and post-it notes as a gift for his successor, the Twelfth Doctor. He's even ripped out the middle of the book and replaced it with a scrapbook packed with everything important to our hero, and how to be just like him! So if you have ever wondered if you'd cut it in the Time Lord Academy, how to fly the TARDIS, or the correct way to dip a fish finger into custard, this is the book for you! Essential reading for all aspiring Time Lords!

Over billions of years of time travel, the Doctor has run into his fair share of important people - and he's formed opinions on most of them too. Now the Twelfth Doctor has got hold of a history textbook from Coal Hill School, and he's decided to improve it with notes of his own! From Nefertiti to Robin Hood, this essential Doctor's guide gives us his unique take on Earth's most famous historical figures. Through annotations, scribblings and his trademark snarky humour, the Doctor has plenty to say about the pudding-brained humans he's met on his travels. It's history . . . but perhaps not quite as you know it!

Premiering the day after the JFK assassination, Doctor Who humbly launched one of the entertainment world's first super-brands. We begin with a look at TV programming of the day and the original pitch documents before delving into the Daleks, which almost didn't make the cut but inspired many monsters to follow. After three years, First Doctor William Hartnell left, prompting the BBC to recast their hit rather than end it, giving us the first 'regeneration' and making TV history. We follow the succession of Doctors—including Third Doctor Jon Pertwee, exiled to Earth and targeted by the Master—and see how the program reflected the feminism of the 1970s while gaining mainstream popularity with Fourth Doctor Tom Baker . . . until declining support from the BBC eventually led to cancelation. Fan outcry saved the series only for it to suffer a repeat cancelation. Yet many continued to enjoy the Whoniverse in syndication, novels, audio dramas, and Doctor Who Magazine. Paul McGann impressed many as the Eighth Doctor in a 1996 TV movie, but it failed to reignite the series. A new age dawned in 2005 with Ninth Doctor Christopher Eccleston and a serious special effects budget before Tenth Doctor David Tennant helped rocket the series to international popularity and a new era of spinoffs. With Eleventh Doctor Matt Smith, the show became a bona fide success here in America. Following the program's fiftieth anniversary, Whovians will meet the Twelfth Doctor, ushering in yet another era for the unstoppable Time Lord. Featuring discussions of concepts and characters, with insights from producers, writers, and actors from across the years, here is a rich, behind-the-camera investigation into the dazzling multiverse of Doctor Who.

Join the Doctor and her smallest companion on a madcap adventure through time and space! The beloved sci-fi TV series is now a charming picture book, perfect for Doctor Who fans of all ages. Unable to make friends at her new school, Lizzie packs a bag and runs away. After accidentally stowing away in the TARDIS, she meets the Doctor, a mysterious woman who claims to be a time-traveling space alien. When the TARDIS malfunctions, Lizzie and the Doctor are sent catapulting through time and space, visiting the pyramids, the dinosaurs, an alien planet, and more. Along the way, Lizzie learns that making new friends isn't so hard after all . . . but will she ever be able to get back home? Featuring Jodie Whittaker's Thirteenth Doctor and an adorable new alien species, this sweet storybook is a must-have for Whovians everywhere, young and old alike.

"When Doctor Who began airing on the BBC in 1963, British audiences were introduced to the rogue Time Lord from the planet Gallifrey. Now, viewers from all over the world are glued to their screens for the mysterious Doctor's intergalactic adventures. But how did this time traveler became such a beloved character? This book provides readers with the inside scoop on the Doctor's unique time machine, loyal companions, and diabolical foes"--

In his travels across time and space, the Doctor has met hundreds of monsters - now, he's created this handy spotter's guide to the biggest, smallest, tallest, hungriest, smelliest and most dangerous creatures in the Whoniverse! In this fantastic companion guide to How To Be A Time Lord, the Twelfth Doctor reveals, in tips and doodles, everything you need to know about each dangerous monster, advice for battling them and how and when to make a speedy escape.

Test your knowledge of the last Time Lord and the worlds he's visited in Who-ology, an unforgettable journey through over 50 years of Doctor Who. Packed with facts, figures and stories from the show's galactic run, this unique tour of space and time takes you from Totters Lane to Heaven itself, taking in guides to UNIT call signs, details of the inner workings of sonic screwdrivers, and a reliability chart covering every element of the TARDIS. Now fully updated to cover everything through to the 12th Doctor's final episode, and with tables, charts and illustrations dotted throughout, as well as fascinating lists and exhaustive detail, you won't believe the wonders that await.

A treasury of intricately detailed intergalactic images features the intrepid Doctor Who, who travels through time and space on spreads that invite young fans to find the doctor hidden among Cybermen, Daleks and other series-inspired characters and objects. Reprint. TV tie-in.

"I think if you can get a kid reading for pleasure, not because it's work, but actually reading for pleasure, it's a great step forward. It can start with me, you know, start with Dicks and work its way up to Dickens - as long as you get them reading." - Terrance Dicks For over 50 years, Terrance Dicks was the secret beating heart(s) of Doctor Who - from joining production of The Invasion in 1968 to his final short story in 2019. As the undisputed master of Doctor Who fiction, Terrance wrote 64 Target novels from his first commission in 1973 to his last, published in 1990. He helped introduce an entire generation to the pleasures of reading and writing, and his fans include Neil Gaiman, Sarah Waters, Mark Gatiss, Alastair Reynolds, Russell T Davies, Steven Moffat, Frank-Cottrell Boyce, and Robert Webb, among many others. This two-volume collection, features the very best of his Doctor Who novels as chosen by fans - from his first book, The Auton Invasion, to his masterwork, the 20th anniversary celebration story The Five Doctors, voted all-time favourite. This volume contains, complete and unabridged: DOCTOR WHO AND THE DALEK INVASION OF EARTH DOCTOR WHO AND THE ABOMINABLE SNOWMEN DOCTOR WHO AND THE WHEEL IN SPACE DOCTOR WHO AND THE AUTON INVASION DOCTOR WHO AND THE DAY OF THE DALEKS

From the unique mind of Douglas Adams, legendary author of The Hitchhiker's Guide to the Galaxy, comes Shada, a story scripted for the television series Doctor Who but never produced—and now transformed into an original novel. A little knowledge is a dangerous thing. Imagine how dangerous a LOT of knowledge is... The Doctor's old friend and fellow Time Lord, Professor Chronotis, has retired to Cambridge University, where among the other doddering old professors nobody will notice if he lives for centuries. He took with him a few little souvenirs—harmless things really. But among them, carelessly, he took The Worshipful and Ancient Law of Gallifrey. Even more carelessly, he has loaned this immensely powerful book to clueless graduate student Chris Parsons, who intends to use it to impress girls. The Worshipful and Ancient Law is among the most dangerous artifacts in the universe; it cannot be allowed to fall into the wrong hands. The hands of the sinister Skagra are unquestionably the wrongest ones possible. Skagra is a sadist and an egomaniac bent on universal domination. Having misguessed the state of fashion on Earth, he also wears terrible platform shoes. He is on his way to Cambridge. He wants the book. And he wants the Doctor...
