Ductile Iron Fittings+Hambaker Pipelines Industry

The variety of ductile iron pipeline ranges by Saint-Gobain PAM includes coatings and joints that are adaptable to various geographical configurations and different types of environment. Saint-Gobain PAM's comprehensive pipeline solutions can withstand all the hazards of transport, handling, installation and operation.

Ductile iron pipe and fittings for water application

Ductile Iron pipe & fittings. Brand: SuperTYT. Standard: BS EN 545:2010 - for water pipeline. Standard: BS EN 598:2007+A1:2009 - for sewerage application. Country of Origin : Australia (OEM PRC)

DUCTILE IRON PIPE & FITTINGS - DUNKLE INT'L LIMITED

Ductile iron pipes and fittings have high corrosion resistance, are lined with cement or resins, and usually coated with zinc plus bitumen paint, which solves the problems of corrosion that grey iron pipes or steel pipes can't solve. For ductile iron pipes, standard Portland cement mortar lining according to ISO4179 is the most common in the market and usually meets the projects' requirements.

Ductile Iron pipes and fittings from Imaco International

Ductile iron pipes and fittings run through all areas and irrigate all installations and buildings of plants. Their resistance to physical and chemical stresses, and pressure is crucial. Ductile iron is the REFERENCE material of FM underground networks. Pipes and fittings approved by FM approval standard conform to the EN 545 first.

Ductile Iron Pipe & FM Approved Process Range+Hambaker

FT Ductile Ltd Ductile Iron Pipes. FT Ductile supplies a wide range of high quality, ductile iron pipes, fittings and ancillary products to the water industry for both potable and dirty water. Large stocks at our premises allow us to fulfil many orders on a next-day basis. Whatever the size of project, we can provide a tailor-made solution to include the sourcing, supply, delivery and after sales service.

FT Ductile - Ductile Iron Pipes

As a result, ductile-iron pipe as well as gray- and ductile-iron fittings used for potable water applications are normally fur- nished with a cement/mortar lining unless otherwise specified by the purchaser. 2.1.2 Ansl/AWWA C105/A21.5,2standard for Polyethylene encasement for Ductile-Iron Pipe systems
