This volume depicts the struggle of birds for freedom, an endeavour similarly experienced by women in the United States and other regions of the globe. It is a prolific study of how creatures interact psychosocially. Sometimes, birds inspire humanity, and, at other times, humans desecrate birds. They may interweave seamlessly or may experience indirect and direct conflicts. Their needs overlap and may be satisfied and explored compassionately through analytical lenses, including those of feminism, anthropomorphism, and animal rights. They share platforms, including art, the male gaze, and discussions about capture and oppression. In this work, both are presented as equally adept to survival on Earth. In this capacity, the book is novel and fresh. In spite of contradictions, such as preserving some birds at zoos, while causing others to fight for sport, birds, overall, will continue to cause humans to thrive, develop, and take-off; and by experiencing their lives through this book, humans who share the birds' spiritual and spatial realms will develop a keener sense of environmental care and how to make cruelty-free choices. This book's range is profound, and includes original research on diverse areas depicting Martin Luther King, Big Bird, the presidents, celebrities, and other notable sources of leadership. It also considers influential zoos and several preservation sites. In all, it is a well-founded work that demonstrates care in research and argument.

This book will serve to persuade students, educators, politicians, lawmakers, and community leaders in the debate on abortion. It will emancipate the reader from mundane and restrictive analyses, such as those lobbed by courts, legislatures, and mass media. It scathes routine constrictions and liberates fresh thoughts on specialized topics, including choice, penance, and parenthood. The book offers powerful perspectives about legalized termination and reduction, using allusions to cult films and images from pop culture to explore dark realities and seldom discussed principles of survival and procreation. Its analysis is bolstered by frameworks adopted from feminism, film studies, queer theory, religious analysis, legal studies, criminal justice, social science, and economics.

Chart topping-and headline-making-rap artist Eminem shares his private reflections, drawings, handwritten lyrics, and photographs in his New York Times bestseller The Way I Am Fiercely intelligent, relentlessly provocative, and prodigiously gifted, Eminem is known as much for his enigmatic persona as for being the fastest-selling rap artist and the first rapper to ever win an Oscar. Everyone wants to know what Eminem is really like-after the curtains go down. In The Way I Am, Eminem writes candidly, about how he sees the world. About family and friends; about hip-hop and rap battles and his searing rhymes; about the conflicts and challenges that have made him who he is today. Illustrated with more than 200 full-color and black-and-white photographs-including family snapshots and personal Polaroids, it is a visual self-portrait that spans the rapper's entire life and career, from his early childhood in Missouri to the basement home studio he records in today, from Detroit's famous Hip Hop Shop to sold-out arenas around the globe. Readers who have wondered at Em's intricate, eye- opening rhyme patterns can also see, first-hand, the way his mind works in dozens of reproductions of his original lyric sheets, written in pen, on hotel stationery, on whatever scrap of paper was at hand. These lyric sheets, published for the first time here, show uncut genius at work. Taking readers deep inside his creative process, Eminem reckons with the way that chaos and controversy have fueled his music and helped to give birth to some of his most famous songs (including "Stan," "Without Me," and "Lose Yourself"). Providing a personal tour of Eminem's creative process, The Way I Am has been hailed as "fascinating," "compelling," and "candid."

Der Fluss als Hauptperson: Der Fluss Elbe – der Fluss des Geldes – der Fluss der Zeit. Der Roman läuft ab wie der Fluss fließt. Mit dem Mut, auch langsam zu werden. Die Akteure geben den Ton vor: der 100-jährige Reeder, der Kunsthändler und sein Kompagnon, die Amerikanerin und ihr Bodyguard. Amor, Kunsthändler mit Galerie in Zürich, ist in Hamburg-Blankenese aufgewachsen. Als sein Kompagnon Dempfwolf unter dubiosen Umständen verschwindet, fährt er zurück ins »Dorf« seiner Kindheit, in das Haus, in dem seine Mutter im Sterben liegt. Eine Konfrontation mit einem Reeder, dem Amor die Zinsen für ein Darlehen auf das Haus schuldet, hinterlässt den Mann bewusstlos oder tot in einem Keller. Amor, wenig beunruhigt, wie es scheint, bandelt mit der Amerikanerin Sidney an, die mit Sohn Warren und Bodyguard/Lover John in das Haus gegenüber gezogen ist. Sidneys Mann Charles ist ein Finanzhai, ständig unterwegs, einer, der den Fluss des Geldes am Laufen hält. Dann spült die Elbe eine Leiche an Land: Ist es der verschwundene Reeder? Aus der Vergangenheit des Ortes meldet sich ein weiteres Thema: der kurze, heftige Auftritt der RAF in diesem Elbortort und die Rolle, die eine junge Einheimische dabei spielte. Als schließlich noch Dempfwolf mit 100 Millionen in der Tasche bei seinem Kompagnon Amor auftaucht, sind für kurze Zeit alle Flüsse zu einem vereint. Mit beeindruckender Lässigkeit werden Charaktere in das zentrale Figurengespinnst eingeführt und aus ihm wieder entlassen. Geheimnisse enthüllt, unerwartete Verbindungen offengelegt. RIVER ist zweifellos ein Thriller, doch weniger der Plot steht im Vordergrund als vielmehr der Fluss, das Fließen das Entstehen und Vergehen von Leben, die flüchtigen oder intensiven Begegnungen der Personen, die hier auf Zeit zusammengefunden haben.
