Sport Funding and Finance provides a complete introduction to the macro-level and micro-level aspects of sport finance. It describes the evolution of sport from a kitchen-table operation into the sophisticated, boardroom-driven global financial industry that it is today. It uses the professional sports leagues of the US and Europe as an international benchmark, and explains why the financial context is so important for all managers working in sport. The book also provides a step-by-step introduction to the principles and practice of effective financial management, providing the reader with a complete set of professional tools and skills for use in the sport industry. Now in a fully revised and updated new edition, the book develops the reader's understanding by first explaining basic concepts in finance and accounting before progressing to more complex issues and ideas. It covers every key topic in financial management, including: Planning and strategy Budgeting Financial projections Fundraising Pricing Costing Feasibility studies Economic impact analysis Ratio analysis Every chapter includes a blend of theory, contextual material and real-world data and case studies from around the world, clearly linking principles to practice, as well as review questions and problem-solving exercises to test the reader's understanding. Accounting has long been the benchmark by which all other introductory accounting textbooks are measured. It is well known as a comprehensive, authoritative and reliable textbook that has supported students studying introductory accounting for over 20 years. The clarity of explanation and thorough illustration of the accounting process supports learning and prepares students for future study in commerce, and beyond into professional practice. The new edition is ideally suited to accounting and non-accounting majors alike, illustrating accounting procedures and applying accounting information to business and business decision making. Accordingly, changes required under accounting standards and the regulatory environment as a consequence of International Accounting Standards Board (IASB) initiatives and the Conceptual Framework in Financial Reporting have been thoroughly updated in line with recent changes to AIFRS and the Framework. The four-colour design provides students with a more reader-friendly text, enhancing their understanding of concepts and ensuring learning outcomes are achieved. The text builds on the thorough and reliable explanation of the accounting process through the addition of new 'Link to business' chapter vignettes that apply the principles to practice. Previous editions were renowned for the number of exercises and problems, and the new edition builds upon this superior teaching feature. The end-of-chapter activities encourages the development of
