This book is excellent, it gives the best of everything. Sci-Fi, bad guys and underdogs who come to the rescue. It begins with dash disgraced captain and his crew sent to retrieve a shop that none of them know exists.

Captain John Duggan rots in his cell, facing execution at the hands of his captors. Having discovered the secret which the Ghosts wished to remain hidden, he is left powerless to find answers to the questions which will determine the future of the Confederation. Elsewhere in the Garon sector, the Dreamers have been putting their own terrible plans into action. They possess the power to destroy entire worlds from unimaginable distances. Whilst humans and Ghosts descend once more into war, the biggest threat of all puts in motion a chain of events which will result in a hundred billion deaths if left unchecked. John Duggan and his crew are forced into a position where they must end not just one war, but two. The Space Corps' most accomplished officer will be reunited with humanity's most powerful weapon in a race to forge peace when a return to conflict seems inevitable. Standing above all

Negation Force. A planet without power, locked down by an alien war fleet. The human Confederation has known an unprecedented time of peace, unheard of in a universe where every other species is not only technologically advanced, but also incredibly hostile. The good times are about to end. Out on the fringes, the planet Atlantis is attacked by an alien foe remembered only by the oldest members of the Space Corps. These aliens - known as Vraxar - are abominations of flesh and metal, driven to exterminate every other life form in the universe. Now it's humanity's turn. In the ruins of the Tillos military installation, Sergeant Eric McKinney is determined to fight back and find out why the Vraxar have come. Meanwhile, a response fleet is mustered with the intention of facing the enemy head-on. It's a mission with no hope of success. As events unfold, it becomes apparent the Vraxar have secrets which give clues to their purpose. The answers are more shocking than anyone could have imagined. The lives of strangers are intertwined and together they must try and salvage something from this first exchange in a war that will not end until one side is utterly defeated. Luckily, the Tillos base holds secrets of its own...a warship with an exceptionally powerful Obsidiar core is contained within an underground bunker. It is the only hope for Atlantis... Negation Force is a science fiction action and adventure book which begins The Obsidiar Fleet series.

Fifty-three years after it vanished, Earth's only Super-Devastator warship, the ESS Crimson sends out a distress signal... Humanity is fighting against an implacable foe. The Ghosts - a ruthless alien race - seem hell-bent on wiping out mankind. They have a vast warfleet and their technology is advancing at a terrible rate. Captain John Nathan Duggan and his crew are given a mission - find the missing ESS Crimson and bring it home. Little does Duggan realise, this is no ordinary mission. As he struggles against enemies both within and without, he desperately tries to unlock the mystery surrounding the Crimson's disappearance and the unknown weapons it carries. He soon discovers the missing warship might be the only hope for salvation that mankind has left. When everything is veiled in secrecy nothing is easy, as Duggan is about to find out. Crimson Tempest is the first instalment in an epic sci-fi action-adventure series.

Piero Bigongiari (1914-1997) was among the most prolific and consistent Italian poets of the last century. He was central to the 'third generation' of ermetismo - the movement that voiced the mysterious, the hidden and the abstract. Bigongiari was a poet of origins, exploring the grounding of cultures in landscape and myth, the depths and limitations of home, and the symbols and narratives that sustain an individual's bond to places. His poetic technique was

based on the elaboration of motifs, tracing evolving ideas in a web of verbal themes and variations. Bigongiari's was a voice of memory, dreams and the surprises of the psyche, speaking beyond politics or ideology to express an Italian sense of existing in modern times. Yet his work is unfamiliar to most Italians and English-language readers. This book - the first English in-depth study of the poet - addresses the roots of Bigongiari's writing and moral ideas, which took form during the Second World War. After the fall of fascism and the destruction of much of his beloved Florence, Bigongiari abandoned the mystical style of his first collection, seeking greater emotional immediacy and a more incisive view into Italy's mental life. His fixation on origins arose from a belief that the fascist generations had been untrue to themselves; his technique of elaboration began as an attempt to sustain fragile creativity from one poem to the next. The destructive fire of war became the crucible in which he reinvented his art. Drawing on the full range of Bigongiari's wartime writing, from his major poetry collection Rogo [Pyre or Blaze] to essays, diaries and new archival discoveries, this book is a portrait of an author overcoming crisis and confronting the failures of his time head-on. A Voice in the Fire will appeal to fans of Italian literature and poetry, and particularly fans and students of Bigongiari's work. It will also be enjoyed by anyone interested in WWII writing, European war poetry or European history.

A Master Chief story and original full-length novel set in the Halo universe-based on the New York Times bestselling video game series! 2526. It has been more than a year since humanity first encountered the hostile military alliance of alien races known as the Covenant, and several weeks after the United Nations Space Command's devastating counterattack of Operation: SILENT STORM was deemed an overwhelming success. The UNSC has put its faith in the hands of the Spartans, led by the legendary Master Chief, John-117: enhanced super-soldiers raised and trained from childhood via a clandestine black ops project to be living weapons. But the Covenant-enraged and fearful of their enemy's unexpected strategies and prowess-is not taking its recent defeat lightly, and is now fully determined to eradicate humanity from existence, brutally overrunning the ill-fated planets of the Outer Colonies faster than retreats can be ordered. If the UNSC has any chance of stemming the tide of the war, the Master Chief and Blue Team must drop onto an empty, hellish world in order to capture a disabled Covenant frigate filled with valuable technology. It has all the makings of a trap, but the bait is far too tempting to ignore-and this tantalizing prize is being offered by a disgraced and vengeful Covenant fleetmaster, whose sole opportunity for redemption lies in

extinguishing humanity's only hope of survival...

Fleur's life depends upon her outwitting the man she is drawn to above all others. France 1793. After the dispersal of her family in the bloody upheaval of the French Revolution, Fleur de Montbulliou, a beautiful young aristocrat, is forced into hiding. While she is living a hand-to-mouth existence in the countryside, her chance encounter with a mysterious stranger results in a marriage proposal. Determined to survive, Fleur weds a dying man she hardly knows and assumes a new identity as the widow of Matthieu Bosanquet, a prosperous merchant from the city. And so she is swept into the very heart of Paris, a place as treacherous as it is exciting. As the widow Bosanquet and in a further disguise as the provocative actress La Coquette, she is adored and feted by the deputies of the Revolution, and plays a hazardous game of double deception. However, to preserve her precious freedom, she must outwit one particular man - the cool, intelligent deputy Raoul de Villaret. As political unrest plunges Paris yet more deeply into chaos, Fleur will be forced to take ever greater risks. In a glittering, dangerous world where anything might happen, can love survive? Perfect for fans of Katherine McMahon and Baroness Orczy's *The Scarlet Pimpernel*. "This outstanding novel cements (Isolde Martyn's) reputation for exceptional romantic historical fiction." - Margaret Barr, *The Historical Novels Review*
