#1 New York Times Bestseller With extraordinary access to the West Wing, Michael Wolff reveals what happened behind-the-scenes in the first nine months of the most controversial presidency of our time in Fire and Fury: Inside the Trump White House. Since Donald Trump was sworn in as the 45th President of the United States, the country—and the world—has witnessed a stormy, outrageous, and absolutely mesmerizing presidential term that reflects the volatility and fierceness of the man elected Commander-in-Chief. This riveting and explosive account of Trump ’ s administration provides a wealth of new details about the chaos in the Oval Office, including: -- What President Trump ’ s staff really thinks of him -- What inspired Trump to claim he was wire-tapped by President Obama -- Why FBI director James Comey was really fired -- Why chief strategist Steve Bannon and Trump ’ s son-in-law Jared Kushner couldn ’ t be in the same room -- Who is really directing the Trump administration ’ s strategy in the wake of Bannon ’ s firing -- What the secret to communicating with Trump is -- What the Trump administration has in common with the movie The Producers Never before in history has a presidency so divided the American people. Brilliantly reported and astoundingly fresh, Fire and Fury shows us how and why Donald Trump has become the king of discord and disunion. “ Essential reading. ” —Michael D ’ Antonio, author of Never Enough: Donald Trump and the Pursuit of Success, CNN.com “ Not since Harry Potter has a new book caught fire in this way...[Fire and Fury] is indeed a significant achievement, which deserves much of the attention it has received. ” —The Economist

President Trump threatens North Korea with ‘ fire and fury like the world has never seen ’ , whilst fellow Republican John McCain warns that the country risks ‘ extinction ’ . But what does the regime in North Korea actually want? Is Kim Jong-un truly the mad cartoon villain that the media love to portray? Without being an apologist for the oppressive North Korean government, T. J. Coles exposes the propaganda war waged against it, revealing the truth behind the simplistic news headlines. North Korea has made multiple offers to the international community to end its nuclear programme in exchange for assurances that it won ’ t be attacked by the US. It has even committed to a no-first-use policy for nuclear weapons – something the US itself will not do. Far from being a state in self-imposed hermitage, North Korea has diplomatic relations with over one hundred countries. It is the US, argues Coles, that deliberately seeks to isolate the regime as part of its wider geostrategic goals in the Asia Pacific. The US ’ s real target, and ultimately its biggest challenge, is China. Coles debunks myths regarding North Korea ’ s military and demonstrates that in actual fact it has limited capabilities. In building up its own armed forces in the region (the so-called Asia Pivot), the US is playing a dangerous game of nuclear brinkmanship. Fire and Fury provides a sharp, succinct briefing for anyone seeking a broader, less distorted and more balanced understanding of current events, whilst offering solutions for ordinary citizens who wish to further the cause of peace.

Michael Wolff, author of the bombshell bestseller Fire and Fury, once again takes us inside the Trump presidency to reveal a White House under siege. Just one year into Donald Trump ’ s term as president, Michael Wolff told the electrifying story of a White House consumed by controversy, chaos, and intense rivalries. Fire and Fury, an instant sensation, defined the first phase of the Trump administration; now, in Siege, Wolff has written an equally essential and explosive book about a presidency that is under fire from almost every side. At the outset of Trump ’ s second year as president, his situation is profoundly different. No longer tempered by experienced advisers, he is more impulsive and volatile than ever. But the wheels of justice are inexorably turning: Robert Mueller ’ s “ witch hunt ” haunts Trump every day, and other federal prosecutors are taking a deep dive into his business affairs. Many in the political establishment—even some members of his own administration—have turned on him and are dedicated to bringing him down. The Democrats see victory at the polls, and perhaps impeachment, in front of them. Trump, meanwhile, is certain he is invincible, making him all the more exposed and vulnerable. Week by week, as Trump becomes increasingly erratic, the question that lies at the heart of his tenure becomes ever more urgent: Will this most abnormal of presidencies at last reach the breaking point and implode? Both a riveting narrative and a brilliant front-lines report, Siege provides an alarming and indelible portrait of a president like no other. Surrounded by enemies and blind to his peril, Trump is a raging, self-destructive inferno—and the most divisive leader in American history.

If you can judge a book by its enemies, Too Famous could be an instant classic. Bestselling author of Fire and Fury and chronicler of the Trump White House Michael Wolff dissects more of the major monsters, media whores, and vainglorious figures of our time. His scalpel opens their lives, careers, and always equivocal endgames with the same vividness and wit he brought to his disemboweling of the former president. These brilliant and biting profiles form a mesmerizing portrait of the hubris, overreach, and nearly inevitable self-destruction of some of the most famous faces from the Clinton era through the Trump years. When the mighty fall, they do it with drama and with a dust cloud of gossip. This collection pulls from new and unpublished work—recent reporting about Tucker Carlson, Jared Kushner, Harvey Weinstein, Ronan Farrow, and Jeffrey Epstein—and twenty years of coverage of the most notable egomaniacs of the time—among them, Hillary Clinton, Michael Bloomberg, Andrew Cuomo, Rudy Giuliani, Arianna Huffington, Roger Ailes, Boris Johnson, and Rupert Murdoch—creating a lasting statement on the corrosive influence of fame. Ultimately, this is an examination of how the quest for fame, notoriety, and power became the driving force of culture and politics, the drug that alters all public personalities. And how their need, their desperation, and their ruthlessness became the toxic grease that keeps the world spinning. You know the people here by name and reputation, but it ’ s guaranteed that after this book you will never see them the same way again or fail to recognize the scorched earth the famous leave behind them.

An instant New York Times bestseller. Critics agree: Michael Wolff ’ s Landslide is THE book on Trump. “ Landslide . . . is the one to leap upon. Smart, vivid and intrepid . . . ” —The New York Times “ I inhaled Landslide, gobbled it up. ” —Slate “ Wow. Just wow . . . ” —Evening Standard “ Cruel, unforgiving, muckraking, scandalous. I couldn ’ t stop reading it. ” —The Telegraph We all witnessed some of the most shocking and confounding political events of our lifetime: the careening last stage of Donald J. Trump ’ s reelection campaign, the president ’ s audacious election challenge, the harrowing mayhem of January 6, the buffoonery of the second impeachment trial. But what was really going on in the inner sanctum of the White House during these calamitous events? What did the president and his dwindling cadre of loyalists actually believe? And what were they planning? Michael Wolff pulled back the curtain on the Trump presidency with his #1 bestselling blockbuster Fire and Fury. Now, in Landslide, he closes the door on the presidency with a final, astonishingly candid account. Wolff embedded himself in the White House in 2017 and gave us a vivid picture of the chaos that had descended on Washington. Almost four years later, Wolff finds the Oval Office even more chaotic and bizarre, a kind of Star Wars bar scene. At all times of the day, Trump, behind the Resolute desk, is surrounded by schemers and unqualified sycophants who spoon-feed him the “ alternative facts ” he hungers to hear—about COVID-19, Black Lives Matter protests, and, most of all, his chance of winning reelection. Once again, Wolff has gotten top-level access and takes us front row as Trump ’ s circle of plotters whittles down to the most enabling and the president reaches beyond the

bounds of democracy as he entertains the idea of martial law and balks at calling off the insurrectionist mob that threatens the institution of democracy itself. As the Trump presidency 's hold over the country spiraled out of control, an untold and human account of desperation, duplicity, and delusion was unfolding within the West Wing. Landslide is that story as only Michael Wolff can tell it.

SUNDAY TIMES NUMBER ONE BESTSELLER NEW YORK TIMES NUMBER ONE BESTSELLER With extraordinary access to the Trump White House, Michael Wolff tells the inside story of the most controversial presidency of our time. The first nine months of Donald Trump's term were stormy, outrageous - and absolutely mesmerising. Now, thanks to his deep access to the West Wing, bestselling author Michael Wolff tells the riveting story of how Trump launched a tenure as volatile and fiery as the man himself. In this explosive book, Wolff provides a wealth of new details about the chaos in the Oval Office. Among the revelations: - What President Trump's staff really thinks of him - What inspired Trump to claim he was wire-tapped by President Obama - Why FBI director James Comey was really fired - Why chief strategist Steve Bannon and Trump's son-in-law Jared Kushner couldn't be in the same room - Who is really directing the Trump administration's strategy in the wake of Bannon's firing - What the secret to communicating with Trump is - What the Trump administration has in common with the movie The Producers Never before has a presidency so divided the American people. Brilliantly reported and astoundingly fresh, Michael Wolff's Fire and Fury shows us how and why Donald Trump has become the king of discord and disunion.

From the author of Fire and Fury, this irresistible account offers an exclusive glimpse into a man who wields extraordinary power and influence in the media on a worldwide scale—and whose family is being groomed to carry his legacy into the future. If Rupert Murdoch isn ' t making headlines, he ' s busy buying the media outlets that generate them. His News Corp. holdings—from the New York Post, Fox News, and The Wall Street Journal, to name just a few—are vast, and his power is unrivaled. So what makes a man like this tick? Michael Wolff gives us the definitive answer in The Man Who Owns the News. With unprecedented access to Rupert Murdoch himself, and his associates and family, Wolff chronicles the astonishing growth of Murdoch's \$70 billion media kingdom. In intimate detail, he probes the Murdoch family dynasty, from the battles that have threatened to destroy it to the reconciliations that seem to only make it stronger. Drawing upon hundreds of hours of interviews, he offers accounts of the Dow Jones takeover as well as plays for Yahoo! and Newsday as they ' ve never been revealed before.

A secret buried in the Antarctic. A puzzle unsolved for thousands of years. And a Brooklyn-born Master Gunnery Sergeant who's royally pissed that he has to babysit the researchers sent to figure it all out. Patrick "Wic" Finnegan's last op as a Marine Raider before retirement sends him to the frozen Ellsworth Subglacial Highlands. The only reason he's here? He owes a favor to an old friend-but that doesn't mean he has to like it. When Wic finally sees what the team has uncovered, he can't believe his eyes, nor is he prepared for the violence to come. Soon, the portal opens and unleashes a storm of unbridled fury upon humanity. From the Antarctic tundra to the streets of Manhattan, Wic and his team will be pushed to their limits as they fight to hold back Earth's ultimate threat. The odds are against them. Governments are toppling. And the Earth is falling into ruin. Join bestselling authors Christopher Hopper and J.N. Chaney on what readers call a "non-stop, break-neck thrill ride into metaspac." For fans of District 9, Expeditionary Force, and Galaxy's Edge, this is one military sci-fi thriller you won't be able to put down, and the official prequel to the hit series Ruins of the Galaxy.

In March 2006, George W. Bush, President of the United States of America, visited India to finalize the landmark civil nuclear deal between the two countries. But far from the hum of expectations, the US negotiating team was hard at work in South Block-making every possible attempt to alleviate the concerns raised by Anil Kakodkar, Chairman of the Atomic Energy Commission (AEC), and Secretary, Department of Atomic Energy (DAE). Kakodkar's firmness paid off and the US team conceded to the demands made in the interest of India's strategic autonomy. Little wonder then that when Kakodkar was introduced to President Bush, he asked, 'So you are that Kakodkar? Are you happy?' It is this courage of conviction and firm resolve that has defined the remarkable life and times of Anil Kakodkar, one of India's most respected nuclear scientists. Fire and Fury is a recollection of his profound journey-from humble beginnings in Madhya Pradesh to the highest office of the Chairman, AEC-through different events and watershed moments in the country's atomic energy programme over the past forty-five years. It chronicles the many inflection points of the programme as seen through the eyes of one of the chief architects of that journey.

As war rages, everyone has to do their bit... Bristol 1941 As the clouds of war grow bleaker both at home and abroad, the Tobacco Girls are determined to do their bit for King and Country. To that end Maisie Miles and Bridget Milligan become voluntary ambulance drivers. As well as coping with the frequent air raids, Maisie is kept on her toes with three new junior employees one of whom is particularly testing. Bridget ' s heart becomes torn between family loyalty and American tobacco tycoon Lyndon O ' Neill III, the man she loves. Meanwhile Phyllis Harvey has joined the WAAF, opting to serve overseas whilst trying to escape her past. Her letters home are upbeat and her friends are initially envious of descriptions of sunshine and blue sea. The truth she hides is that life on the island of Malta is fraught with extreme food shortages, daily air raids and the fear that tomorrow might never come. The future appears far less certain as the reality of war bites into The Tobacco Girls ' lives.
