It will save lives." -Washington Post "Essential, devastating reading." -Cheryl Strayed, New York Times Book Review An award-winning journalist's intimate investigation of the true scope of domestic violence, revealing how the roots of America's most pressing social crises are buried in abuse that happens behind closed doors. We call it domestic violence. We call it private violence. Sometimes we call it intimate terrorism. But whatever we call it, we generally do not believe it has anything at all to do with us, despite the World Health Organization deeming it a "global epidemic." In America, domestic violence accounts for 15 percent of all violent crime, and yet it remains locked in silence, even as its tendrils reach unseen into so many of our most pressing national issues, from our economy to our education system, from mass shootings to mass incarceration to #MeToo. We still have not taken the true measure of this problem. In *No Visible Bruises*, journalist Rachel Louise Snyder gives context for what we don't know we're seeing. She frames this urgent and immersive account of the scale of domestic violence in our country around key stories that explode the common myths-that if things were bad enough,

victims would just leave; that a violent person cannot become nonviolent; that shelter is an adequate response; and most insidiously that violence inside the home is a private matter, sealed from the public sphere and disconnected from other forms of violence. Through the stories of victims, perpetrators, law enforcement, and reform movements from across the country, Snyder explores the real roots of private violence, its far-reaching consequences for society, and what it will take to truly address it.

In her "keenly observed" (Star Tribune, Minneapolis) debut, Rachel Louise Snyder author of the award-winning *No Visible Bruises*, chronicles the twenty-four hours following a mass burglary in a Chicago suburb and the suspicions, secrets, and prejudices that surface in its wake. Nestled on the edge of Chicago's gritty west side, Oak Park is a suburb in flux. To the west, theaters and shops frame posh houses designed by Frank Lloyd Wright. To the east lies a neighborhood still recovering from urban decline. In the center of the community sits Ilios Lane, a pristine cul-de-sac dotted with quiet homes that bridge the surrounding extremes of wealth and poverty. On the first warm day in April, Mary Elizabeth McPherson, a lifelong resident of Ilios Lane, skips school with her friend Sofia. As the two experiment with a heavy dose of ecstasy in Mary Elizabeth's dining room, a series of home invasions rocks their neighborhood. At first the community is determined to band together, but rising suspicions soon threaten to destroy the world they were attempting to create. Filtered through a vibrant pinwheel of characters, Snyder's tour de force evokes the heightened tension of a community on edge as it builds towards an explosive conclusion. Incisive and panoramic, *What We've Lost Is Nothing* illuminates the evolving relationship between American cities and their

suburbs, the hidden prejudices that can threaten a way of life, and the redemptive power of tolerance in a community torn asunder. Ideas abound in this thoughtful story, a demonstration of the author's years of experience as a community organizer. What We've Lost Is Nothing has the stamp of authenticity (The Washington Post).

Focuses on an everyday item - blue jeans - to learn what one simple article of clothing can tell us about our individual and social lives and challenging, by extension, the foundational anthropological presumption of the normative.

A book which deals with the increasing dominance of consumers over companies and countries and of the resultant melting away of national economic borders. The author provides insights into how companies can win in the new global marketplace as insiders in countries.

A lively introduction to apparel production with unparalleled focus on quality. Ready-to-Wear Apparel Analysis, Fourth Edition, introduces fashion students to the production of ready-to-wear apparel and the objective evaluation of production costs and product quality. It provides a comprehensive overview of apparel production balanced with an impressive level of detail about apparel quality, enabling students to design and specify the best quality apparel possible at a particular price point. The book takes an industry approach, integrating the study of traditional clothing design and construction with current practices of the apparel manufacturing industry. Coverage of practical issues, industry methods, best practices, and related vocabulary effectively prepares students for tasks and challenges they will encounter in fashion

“An interesting and important account.” Daily Telegraph Have you ever stopped and wondered where your jeans came from? Who made them and where? Ever wondered where they end up after you donate them for recycling? Following a pair of jeans, Clothing Poverty takes the reader on a vivid around-the-world tour to reveal how clothes are manufactured and retailed, bringing to light how fast fashion and clothing recycling are interconnected. Andrew Brooks shows how recycled clothes are traded across continents, uncovers how retailers and international charities are embroiled in commodity chains which perpetuate poverty, and exposes the hidden trade networks which transect the globe. Stitching together rich narratives, from Mozambican markets, Nigerian smugglers and Chinese factories to London’s vintage clothing scene, TOMS shoes and Vivienne Westwood’s ethical fashion lines, Brooks uncovers the many hidden sides of fashion.

want? "I want you to let them out." "Which inmates are we talking about?" "All of them." With that, the largest manhunt in United States history is on. In response to a hostage situation, more than 600 inmates from the Pronghorn Correctional Facility, including everyone on Death Row, are released into the Nevada Desert. Criminals considered the worst of the worst, monsters with dark, violent pasts, are getting farther away by the second. John Kradle, convicted of murdering his wife and son, is one of the escapees. Now, desperate to discover what really happened that night, Kradle must avoid capture and work quickly to prove his innocence as law enforcement closes in on the fugitives. Death Row Supervisor, and now fugitive-hunter, Celine Osbourne has focused all of her energy on catching Kradle and bringing him back to Death Row. She has very personal reasons for hating him — and she knows exactly where he's heading...
