Nanaimo council decides city will be guided by 'doughnut' economic model. Councillor says Nanaimo first city in Canada to adopt the model as a guiding principle. Greg Sakaki; Dec. 19, 2020 12 ...

Globalisation has become one of the most used and encompassing words over the past decade, of undeniable influence in economics, politics and activism. Globalisation is literally all around; every aspect of life is affected by a global structure of communication and economy. This fully revised and updated guide condenses this complex subject into clear, concise commentary. It examines the debt trap, the acceleration of neoliberalism, competition for energy resources, the links between the war on terror, the arms trade and the alternatives to corporate control.

Follows the events leading up to the war, major campaigns by Allied and Axis powers, atrocities committed against civilians, and consequences.

Why is the Koran the deeper abstract cause of terrorism? What can Muslims and non-Muslims do about this? How can we help Muslims liberate themselves from medieval ways of thinking? Is there more in the world than Islam, Mohammed and terrorism? What is a real Muslim? How can an anti-Muslim be defined? Hindu writer Dewanand provides answers to all these questions in a striking and scientific way, trying to present the interests of both Muslims and non-Muslims in a tactical way. Dewanand says he wrote this book to make sacrifices to Altecra and to show concern for all living creatures. Discover for yourself if he has reached his goal, when you read Koran: Forbid or Rewrite? In the first chapters, the PV Muslim scientific model scale is revealed. This is a psychological vectored model for classifying Muslims to understand them better. Dewanand says his book is intended to show respect for Muslims and to help them to grow spiritually. "I wanted to reform Islam and end the suffering and violence in many Islamic nations. I was raised as a Muslim by my mother and later on I converted to Hinduism." His book is the meeting point of three old civilizations: Islam, Western and Hinduism. That's why it is so important for the future of Islam and religion. Dewanand grew up in Surinam and at age twenty went to Holland to study. He now lives in Delft, Holland. He has published numerous books in Dutch and these can be found on his website, www.dewanand.com. Publisher's website: <http://www.strategicpublishinggroup.com/title/Koran-ForbidOrRewrite.html>

The world-famous Chincoteague Ponies, stars of the silver screen and main attraction at the annual Pony Penning, are essential to the local economy and local identity. But they run free only on the neighboring island of Assateague under the watch of an ambivalent federal agency, and they bear little resemblance to their colonial forbears. What does the future hold for them?
