that the law is firmly embedded within its context.

Health Care Law and Ethics, Ninth Edition offers a relationship-oriented approach to health law—covering the essentials, as well as topical and controversial subjects. The book provides thoughtful and teachable coverage of every aspect of health care law. Current and classic cases build logically from the fundamentals of the patient/provider relationship to the role of government and institutions in health care. The book is adaptable to both survey courses and courses covering portions of the field. Key Features: New authors Nick Bagley and
