If you've forgotten your password, you can reset it to get back in to your AOL account. It's also a good idea to update your password regularly and to make sure it's unique from other passwords you use.

A Guide on How to Pick a Married Last Name Getting married? The number of decisions you have to make for the wedding, let alone decisions that will impact the rest of your life, can feel overwhelming. Taking on a life-long partner may also mean a new, life-long name. Changing the name, you've had since birth, is a big decision. Whether in same-sex or heterosexual nuptials, names play an important role and can impact children, career, identity, and ultimately, your happiness. "Should I Change my Name?" walks you through how to choose a last name that's right for you and your future spouse. Author Marcia Morgan examines the six most common married name options including separate, merged, linked, and newly-created names, and reveals the benefits and challenges of each. She weaves in personal stories from men and women who embraced their married name choices and those who had regrets. The firsthand accounts illuminate how gender roles, religion, or family of origin can deeply influence name preferences for you and your spouse-to-be. Morgan shines a light on the intriguing history of how married names were based on oppressive laws and reveals the meaning behind today's naming traditions. She takes you on a journey around the globe to look at naming practices in other countries and cultures. The book simplifies an otherwise overwhelming decision process so you and your partner can say a hearty "I Do" to the married name you choose. Best-selling author Marcia K. Morgan, Ph.D., brings a wealth of experience from over 40 years as a sociologist, researcher, trainer, and national expert on gender issues. Marcia and her husband live in Bend, Oregon.

In this hilarious rhyming book, a little boy sees his world crumble around him as his mother prepares to change his diaper.

Change your attitude, change your life. We ' re very good at explaining why we ' re unhappy: bad job, bad relationships, bad luck. But there ' s probably a better reason: bad attitudes. In Lord, Change My Attitude, James MacDonald shows us just how much our attitudes affect our lives. One of his bestsellers, this book is classic James: It ' s clear, it ' s inspiring, and it packs a punch. Drawing from the experience of the Israelites who grumbled through the wilderness, MacDonald shows how bad attitudes rob us of joy. Coveting, complaining, and being critical are not what our hearts were made for. They were made for thankfulness, contentment, and love. Is your heart straining under the weight of a bad attitude? Don ' t read this book if you ' re looking for a quick fix. Don ' t read this book if you ' re unwilling to change. Read it if you ' re ready for a serious, inside-out attitude adjustment.

A leading expert in addiction and mood disorders shares a five-point plan for overcoming anxiety, depression, and addiction. He describes the symptoms, causes, treatment, and relapse prevention strategies, and includes numerous exercises and a one-month step-by-step program.

THE #1 INTERNATIONAL BESTSELLER WITH OVER 28 MILLION COPIES IN PRINT! A timeless business classic, Who Moved My Cheese? uses a simple parable to reveal profound truths about dealing with change so that you can enjoy less stress and more success in your work and in your life. It would be all so easy if you had a map to the Maze. If the same old routines worked. If they'd just stop moving "The Cheese." But things keep changing... Most people are fearful of change, both personal and professional, because they don't have any control over how or when it happens to them. Since change happens either to the individual or by the individual, Dr. Spencer Johnson, the coauthor of the multimillion bestseller The One Minute Manager, uses a deceptively simple story to show that when it comes to living in a rapidly changing world, what matters most is your attitude. Exploring a simple way to take the fear and anxiety out of managing the future, Who Moved My Cheese? can help you discover how to anticipate, acknowledge, and accept change in order to have a positive impact on your job, your relationships, and every aspect of your life.

The concept of My One Word is simple. Lose the long list of resolutions—all your sweeping promises to change—and do something about one thing this year instead of nothing about everything. Choose just one word that represents what you most hope God will do in you, and focus on it for an entire year. This single act will force clarity and concentrate your efforts. As you focus on your word over an extended period of time, you position yourself for God to form your character at a deep, sustainable level. Growth and change will result. Author Mike Ashcraft, who has led his megachurch through this My One Word project for more than five years, and Proverbs 31 Ministries author and speaker Rachel Olsen, who has lived it, are encouraging, insightful, good-humored, yet realistic in this enjoyable read. Their stories of growth and change through My One Word will keep you motivated. Throughout the book you'll also find words and stories of people just like you who have joined the My One Word movement and discovered the power of just one word. Includes discussion questions for use with the small-group video curriculum, My One Word: A DVD Study (sold separately).

President-elect Barack Obama reflected on the life of Ann Nixon Cooper on Tuesday, November 4, 2008, singling her out of millions of voters, he said, because she was " born just a generation past slavery; a time when there were no cars on the road or planes in the sky, when someone like her couldn ' t vote for two reasons—because she was a woman and because of the color of her skin. " Energized by this history-making presidential campaign, Mrs. Cooper now shares her story, her life before the president called her name, in her own voice, with the assistance of bestselling author Karen Grigsby Bates. Mrs. Cooper is the beloved matriarch of a large and accomplished family who live throughout the country, and a long-celebrated elder in the city of Atlanta, Georgia, where she raised her children and has lived most of her long and extraordinary life. She was born and raised in Bedford County, Tennessee, near Nashville, on January 9, 1902. Her father was a tenant farmer, and her mother worked at home, taking care of the children. She met her husband, Dr. Albert Berry Cooper II, while he attended Meharry Medical College in Nashville. They settled in his hometown of Atlanta, where he established a successful practice in dentistry. When president-elect Obama referred to her in his speech, she became a celebrity, sought after by media from all over the world. In Mrs. Cooper ' s words, " All of a sudden, everyone wanted to talk to me. . . . It was nice they were interested, I guess,but I wasn ' t so thrilled that media and ordinaryfolk were acting as if the only exciting thing I ' d everdone was vote for a black man for president. . . .I ' d had a life before CNN and the rest ' discovered ' me. " And she is going to tell you about it.

Do you want to change your life, but just can ' t find the time to get started? Are you tired of juggling multiple responsibilities, with not much to show for all your hard work? You deserve to have a rich full of fun, relaxation, prosperity, and love — starting right now!

The #1 New York Times bestseller. Over 4 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving—every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: • make time for new habits (even when life gets crazy); • overcome a lack of motivation and willpower; • design your environment to make success easier; • get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits—whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.
