Japanese difficult? Study boring? No way! Not with this “ real manga, real Japanese ” approach to learning. Presenting all spoken Japanese as a variation of three basic sentence types, Japanese the Manga Way shows how to build complex constructions step by step. Every grammar point is illustrated by an actual manga published in Japan to show how the language is used in real life, an approach that is entertaining and memorable. As an introduction, as a jump-start for struggling students, or (with its index) as a reference and review for veterans, Japanese the Manga Way is perfect for all learners at all levels. Wayne P. Lammers has taught Japanese at the college level and is an award-winning literary and commercial translator. He lives in Portland, Oregon.

A "real manga, real Japanese" study guide and resource for language students and teachers

Teaches how to read and write Japanese so the Japanese comic books and cartoons can be enjoyed.

Half of the people who see the title to this book might be thinking, "Learn Japanese by watching anime? What a load of crap!" Such a thing certainly sounds like a crazy pipe dream that a great number of anime fans share. And if you watch anime with English subtitles like most people, Japanese fluency will remain merely a dream. You will not learn Japanese outside a small handful of basic words. If you turned off the English subtitles, you would be taking your first steps towards a successful Japanese language learning program. Of course, this is not the only step either. The following steps contained within this book describe a

## Online Library Japanese The Manga Way An Illustrated Guide To Grammar And Structure Wayne P Lammers

fascinating process of how anyone can learn Japanese to fluency through the material he or she watches and reads for fun. Inside of this book is a method that allows you to learn and never forget thousands of new Japanese vocabulary words, phrases, grammar points, and kanji that you encounter from any Japanese language source of your choice. This includes anime, manga, dramas, movies, videos, music, video games, and visual novels. This is a book dedicated to answering the question of how to speak Japanese fluently by extensively reading and listening to native Japanese language materials. If you are looking for a Japanese language textbook that teaches Japanese grammar, vocabulary, and kanji, you will not find it here. But if you are struggling with the question of how to learn Japanese or if you have trouble remembering the Japanese language that you have learned, why not try something new and different? Use this book to help you learn Japanese language from Dragon Ball, Sword Art Online, Naruto, One Piece, Fairy Tail, One Punch Man, Death Note, Bleach, Attack on Titan, and more!

The Japanese in MangaLand series from JPT introduced language learners to an innovative, entertaining and educationally-sound way of learning Japanese through the use of manga. Now, this same approach is applied to the often-daunting task of mastering kanji - the Chinese ideograms - in Kanji in MangaLand, the first of a 3-volume course covering the 1,006 basic kanji characters. Aimed at Western students aged 12 - 25, the Kanji in MangaLand program differs from traditional methods in that it uses distinct drawings for the "parts" that form each kanji character; then it shows a manga-style illustration to help the student connect the shapes and the meaning. In addition, the books present information on compound words, stroke order, meaning and such unique features as identifying similar-looking kanji and alternative or older shapes for the same character. Kanji in MangaLand Levels 1 & 2 includes 21 lessons. The first seven of these cover all 80 kanji characters learnt by Japanese children in their first primary school year. Lessons 8-21 cover the 160 kanji studied in the next year. In every lesson, the student will learn 8 to 12 kanji and then move on to the exercise section, which features one page of manga using all the characters learnt in that lesson; a page of different types of exercises; and a page with the correct answers, translations and a summary of the new drawing-compounds that will appear in the next lesson. The book also has two special exercise parts - one at the end of each level - as well as indexes of kanji and reading. With manga sales booming - in 2006, they approached \$200 million - and interest in learning Japanese skyrocketing as well, the Kanji in MangaLand series is the perfect blend of entertainment and solid language instruction to make learning fun and effective.

Learn to read, write, and speak everyday Japanese with manga stories! If you enjoy manga, you'll love learning Japanese with this book. The language lessons are interspersed with entertaining manga comic strips, making it easy to learn and remember all the key vocabulary and grammar. With a focus on the casual speech used by young people in Japan, you'll find yourself feeling confident with speaking, reading, and writing Japanese quickly! Designed for self-study use by teen and adult learners (but suitable for anyone), this book is a fun resource for beginners--no prior knowledge of Japanese required! Readers will find: Help with learning to write and pronounce the 92 Hiragana and Katakana letters plus 160 basic Kanji characters Hundreds of useful words and phrases--from numbers and greetings to expletives and insults! Seven manga stories woven throughout the book, reinforcing your grasp of the language The basic vocabulary and grammar needed to communicate in Japanese! Hundreds of exercises with free online audio recordings by Japanese native speakers A bidirectional dictionary and answer keys for all the exercises

Basic Japanese: A Grammar and Workbook comprises an accessible reference grammar and

## Online Library Japanese The Manga Way An Illustrated Guide To Grammar And Structure Wayne P Lammers

related exercises in a single volume. This book presents 25 individual grammar points, covering the core material which students would expect to encounter in their first year of learning Japanese. Divided into two parts, the first part outlines fundamental components of Japanese including the writing system, pronunciation, word order, particles and conjugation patterns, while the second part builds on this foundation by introducing basic grammatical patterns organised by the task they achieve. Grammar points are followed by contextualised examples and exercises which allow students to reinforce and consolidate their learning. Key features include: clear, accessible format many useful language examples transliteration of all examples jargon-free explanations of grammar abundant exercises with full answer key subject index. Basic Japanese is suitable both for class use and independent study making it an ideal grammar reference and practice resource for both beginners and students with some knowledge of the language.

As the popularity of manga in this country continues to soar, so does the desire of its fans to learn Japanese in order to appreciate it in its original language. The three volumes in the Japanese in MangaLand series combine the enjoyment of reading manga with an innovative and entertaining approach to language instruction. Now comes the Japanese in MangaLand Workbook 1, a perfect way for readers to practice and assimilate what they learned in the first volume. The Workbook offers more than 150 complementary activities, divided into six sections that enable students to practice writing hiragana, katakana and kanji, as well as to optimize the vocabulary and grammar that were taught in the textbook itself. An exciting special feature — 24 pages of a Rakujo manga created exclusively for this workbook — further enhances the learning experience.

Presents an introduction to eighty of the most commonly used Japanese kanji characters, with English translation and a pronunciation guide, in a text with a comic book format.
