Tory Burch sees the world in color, inspired by people, places, and ideas—all of which influence her brand, synonymous with print and color. In her first book, she explores what living in color means to her. The book is organized by color, each one brought to life through images of her own collections and travels; how she entertains; style icons; the works of artists, authors, and interior designers she admires; and the advice of business leaders—many of whom are interviewed within. The book also offers a glimpse into the more personal moments in Tory's life, such as family trips with her boys or the indelible ways in which her parents, Buddy and Reva Robinson, influenced her collection, company, and philosophy. The foreword is written by Anna Wintour, artistic director of Condé Nast and editor-in-chief of Vogue, and the cover features Damien Hirst's Beautiful Primal Urges Rug, © Damien Hirst and Science Ltd., all rights reserved / DACS, London / ARS, NY 2014.
