Emily the Strange: 13 years old. Able to leap tall buildings, probably, if she felt like it. More likely to be napping with her four black cats; or cobbling together a particle accelerator out of lint, lentils, and safety pins; or rocking out on drums/ guitar/saxophone/zither; or painting a swirling feral sewer mural; or forcing someone to say "swirling feral sewer mural" 13 times fast . . . and pointing and laughing.

The work on this book started in March 2020 with an archive of pictures acquired from previous Mountain School of Arts students, staff and faculty. The collection consists of around 2000 images taken over the last 15 years. Most of the photographs were shot with older digital or phone cameras with the addition of some analog footnotes. We consider the photographs to be documents of the many different shapes, forms and people that have taken part in the Mountain School of Arts program since its inception in 2005.
