Permissions problems got you down? Turn to Unix expert Brian Tanaka's unique guide to the permissions in Mac OS X 10.5 Leopard that control access to your files, folders, and disks. You'll learn how to keep files private, when to set Ignore Permissions, what happens when you repair permissions, how to delete stuck files, and the best ways to solve permissions-related problems. Advanced concepts include the sticky bit, Leopard's more-important access control lists, bit masks, and symbolic versus absolute ways to set permissions. The book covers how to take control of permissions via the Finder, with Mac utilities, and using the command line.

Following Adam Gopnik's best-selling Paris to the Moon, the adventure continues against the panorama of another storied city. Autumn, 2000: the Gopnik family moves back to a New York that seems, at first, safer and shinier than ever. Here are the triumphs and travails of father, mother, son and daughter; and of the teachers, coaches, therapists, adversaries and friends who round out the extended urban family. From Bluie, a goldfish fated to meet a Hitchcockian end, to Charlie Ravioli, an imaginary playmate who, being a New Yorker, is too busy to play, Gopnik's New York is charmed by the civilization of childhood. It is a fabric of living, which, though rent by the events of 9/11, will reweave itself, reviving a world where Jewish jokes mingle with debates about the problem of consciousness, the price of real estate and the meaning of modern art. By turns elegant and exultant, written with a signature mix of mind and heart, Through the Children's Gate is at once a celebration of a newly fragile city and a poignant study of a family trying to find its way, and joy, within it.
