Lycoming is the only FAA-authorized manufacturer that can rebuild your Lycoming engine to an absolute zero-time status. We test every rebuilt engine part to new tolerances, so they meet the same requirements as a brand new Lycoming aircraft engine. Rebuilt engines come with a 2-year warranty (O-235 cylinders have a 1-year warranty) including parts and labor honored at any authorized distributor worldwide.

Penn Yan Aero

The Lycoming 580 Series of six-cylinder engines is powerful, producing 315 hp at 2,700 RPM with reliable direct drive and excellent power to weight ratio. This model meets the ever-growing performance requirements of modern-day aircraft design, and is also a popular retrofit under Supplemental Type Certificates. [Learn More](#).

Lycoming Engines | Piston Aircraft | General Aviation

You can find new and used Lycoming engines for sale as well as manufacturer-overhauled and rebuilt engines. Some vintage engines remain available, such as the brand's first engine: the Lycoming R-680, a 200-horsepower, 9-cylinder, piston-driven radial engine. The firm's other engines include the iE2 engine, Thunderbolt engine, and Thunderbolt engine builder.

Lycoming Aviation Engines - eBay

New and rebuilt certified engines are warranted for 24-months or the recommended engine time between overhauls, whichever comes first. Find your engine's recommended TBO in Lycoming Service Instruction 1009. New non-certified engines are warranted for 24 months from the date of the first operation or 2200 hours, whichever occurs first.

Lycoming Warranty | Lycoming Engines

Lycoming's line-up includes mostly opposed cylinder machines that range from four to eight chambers and offer anywhere from 100 hp to 400 hp. These can be fuel-injected, geared, and/or turbocharged. Lycoming Engines manufactures complete aviation engines that are entirely built and ready to install.
