~~Vista Instructions—how to articles from wikiHow~~

Before Windows Vista SP1 is released, these prerequisite updates will be delivered to most users through Windows Update as part of regularly scheduled monthly updates. These updates will be installed together with other updates that will require that you restart the computer. Therefore, an additional restart will not be required.

~~A software update is available for the Windows Vista ...~~

Click the Start button , click Control Panel, and then click Programs. Under Programs and Features, click View installed updates. On the Uninstall an update page, click Service Pack for Microsoft Windows (KB948465), and then click Uninstall. Follow the instructions on your screen.
