CSIS's Mark Cancian analyzes the U.S. military forces in FY 2021, their composition, new initiatives, long-term trends, and challenges, as the United States' military forces likely entered their

Download File PDF Marine Corps Administration

last year of growth.

The Commandant's Planning
Guidance (CPG) provides the
38th Commandant's strategic
direction for the Marine

Download File PDF Marine Corps Administration

Reference Guide the
function of the Secretary of
Defense's Defense Planning
Guidance (DPG). It serves as
the authoritative document
for Service-level planning
and provides a common
direction to the Marine

Download File PDF Marine Corps Administration

Reference Guide. It also serves as a road map describing where the Marine Corps is going and why; what the Marine Corps force development priorities are and are not; and, in some instances, how and when

Download File PDF Marine Corps Administration

prescribed actions will be implemented. This CPG serves as my Commandant's Intent for the next four years. As Commandant Neller observed, "The Marine Corps is not organized, trained, equipped, or postured to

Download File PDF Marine Corps Administration

Reference Guide
meet the demands of the rapidly evolving future operating environment." I concur with his diagnosis. Significant change is required to ensure we are aligned with the 2018 National Defense Strategy

Download File PDF Marine Corps Administration

(NDS) and DPG, and further, prepared to meet the demands of the Naval Fleet in executing current and emerging operational naval concepts. Effecting that change will be my top priority as your 38th

Download File PDF Marine Corps Administration

Commandant. This CPG
Reference Guide
outlines my five priority
focus areas: force design,
warfighting, education and
training, core values, and
command and leadership. I
will use these focal areas
as logical lines of effort

Download File PDF Marine Corps Administration

to frame my thinking,
planning, and decision-
making at Headquarters
Marine Corps (HQMC), as well
as to communicate to our
civilian leadership. This
document explains how we
will translate those focus

Download File PDF Marine Corps Administration

Reference Guide areas into action with measurable outcomes. The institutional changes that follow this CPG will be based on a long-term view and singular focus on where we want the Marine Corps to be in the next 5-15 years,

Download File PDF Marine Corps Administration

well beyond the tenure of
any one Commandant,
Presidential administration,
or Congress. We cannot
afford to retain outdated
policies, doctrine,
organizations, or force
development strategies. The

Download File PDF Marine Corps Administration

Reference Guide
coming decade will be characterized by conflict, crisis, and rapid change - just as every decade preceding it. And despite our best efforts, history demonstrates that we will fail to accurately predict

Download File PDF Marine Corps Administration

every conflict; will be surprised by an unforeseen crisis; and may be late to fully grasp the implications of rapid change around us. The Arab Spring, West African Ebola Outbreak, Scarborough Shoal standoff,

Download File PDF Marine Corps Administration

Reference Guide
Russian invasion of eastern
Ukraine, and weaponization
of social media are but a
few recent examples
illustrating the point.
While we must accept an
environment characterized by
uncertainty, we cannot

Download File PDF Marine Corps Administration

Reference Guide
Ignore strong signals of change nor be complacent when it comes to designing and preparing the force for the future. What is abundantly clear is that the future operating environment will place heavy demands on

Download File PDF Marine Corps Administration

our Nation's Naval Services.
Context and direction is
clearly articulated in the
NDS and DPG as well as
testimony from our uniformed
and civilian leadership. No
further guidance is
required; we are moving

Download File PDF Marine Corps Administration

forward. The Marine Corps
will be trained and equipped
as a naval expeditionary
force-in-readiness and
prepared to operate inside
actively contested maritime
spaces in support of fleet
operations. In crisis

Download File PDF Marine Corps Administration

Reference Guide
prevention and crisis
response, the Fleet Marine
Force - acting as an
extension of the Fleet -
will be first on the scene,
first to help, first to
contain a brewing crisis,
and first to fight if

Download File PDF Marine Corps Administration

Reference Guide. The Marine Corps will be the "force of choice" for the President, Secretary, and Combatant Commander - "a certain force for an uncertain world" as noted by Commandant Krulak. No matter

Download File PDF Marine Corps Administration

Reference Guide
what the crisis, our
civilian leaders should
always have one shared
thought - Send in the
Marines.
