Electronic business today is not only business transactions supported in information and communication technologies; it is a new way of communicating and

Online Library Operations Management Fh Ooe

integrating with customers,
suppliers, employees and
other stakeholders. In this
scenario, electronic
business is now part of a
wider economic context that
is causing radical
transformations in business

Online Library Operations Management Fh Ooe

and organizations including the entire value chain from customer service to supply chain management. One of the areas affected is marketing. Given that the new technologies have enabled firms to reach out to global

Online Library Operations Management Fh Ooe

customers and has provided them with the opportunity to customize their strategies and offerings in an unprecedented way, the dynamics of marketing must be surveyed in order to study the impact of new

Online Library Operations Management Fh Ooe

trends like mobile customer relationship management or mass customization on marketing function. This book provides an overview of the e-Business and Marketing areas by uniting various papers from these fields.

Online Library Operations Management Fh Ooe

“Electronic Business and Marketing” includes theory and practice on electronic business and marketing from an academic and professional viewpoint providing also a forum for the exchange of research ideas and industry

Online Library Operations Management Fh Ooe

practices in these knowledge areas among practitioners, researchers and students.

practices that companies established in Latin America are implementing in their manufacturing processes in order to generate high quality products and stay in the market. It lists the technologies, production and

Online Library Operations Management Fh Ooe

administrative philosophies that are being implemented, presenting a collection of successful cases of studies from Latin America. The book describes how the tools and techniques are being integrated, modified and

Online Library Operations Management Fh Ooe

combined to create new technical resources for assisting the decision making process for better economic performance in manufacturing companies. The efforts deployed for assisting the transformation

Online Library Operations Management Fh Ooe

of raw materials into products and services are described. The authors explain the main key success factors or drivers for success of each tool, technique or hybrid combination approach applied

Industrial desalination of sea and brackish water is becoming an essential part in providing sustainable sources of fresh water for a larger number of communities around the world.

Desalination is a main

Online Library Operations Management Fh Ooe

source of fresh water in the Gulf countries, a number of the Caribbean and Mediterranean Islands, and several municipalities in a large number of countries. As the industry expands there is a pressing need to

Online Library Operations Management Fh Ooe

have a clear and well-written textbook that focuses on desalination fundamentals and other industrial aspects. This book focuses on the processes widely used in industry, which include

Online Library Operations Management Fh Ooe

multistage flash
desalination and reverse
osmosis. Also, other
desalination processes with
attractive features and high
potential are featured. It
includes a large number of
solved examples, which are

Online Library Operations Management Fh Ooe

explained in simple and careful matter that allow the reader to follow and understand the development. The data used in the development of the examples and case studies are extracted from existing

Online Library Operations Management Fh Ooe

desalination plants. This title also includes comparisons of model predictions against results reported in literature as well as available experimental and industrial data. Several industries

Online Library Operations Management Fh Ooe

include similar unit operation processes, i.e., evaporators, condensers, flashing units, membrane separation, and chemical treatment. Examples of such industries include wastewater treatment, food,

Online Library Operations Management Fh Ooe

petroleum, petrochemical,
power generation, and pulp
and paper. Process
fundamentals and design
procedures of such unit
processes follow the same
procedures given in this
textbook.
