Kim Harrington Book Reviews

Clarity, the debut novel by (the confusingly named) Kim Harrington, is a solid young adult mystery with a paranormal twist. Clarity, called Clare, comes from a family of psychics. She

possesses the power of psychometry, while her mother is a telepath and her brother can speak to the spirits of the dead.

Clarity (Clarity, #1) by Kim Harrington

Acces PDF Perception Clarity 2 Kim Harrington

Perception was a great sequel to Clarity and even though there is still a strong mystery element, I thought the vibe was different. Clarity had more action with Clare actively investigating the murders

and the bodies pilling up,
whereas Perception was more
on an intellectual level.
