## Handbook - Boilersinfo

This plumbing course is designed for people with little or no previous experience in plumbing and is attended by people of all ages, and both male and female. The usual age range of people attending our plumbing courses is mid twenties to mid fifties although the youngest person to attend a course at our centre was 18 and the oldest was 72 years old.

## Plumbing Courses - 10 Day Plumbing Course | Construction ...

Because this book presents technical information in an accessible form, nonspecialists will find the contents especially useful. Lucid explanations and simple charts often replace derivations and complicated technical formulas. Publisher: American Society
