Citation management tools allow a user to organize and retrieve information, such as citations for books, articles, and Web sites, by interfacing with library databases. The citation manager then works with word-processing software to insert properly formatted footnotes or citations into a paper and create a properly formatted bibliography.

Citation Management | Cornell University Library

APA style has a series of important rules on using author names as part of the author-date system. There are additional rules for citing indirect sources, electronic sources, and sources without page numbers. Citing an Author or Authors A Work by Two Authors: Name both authors in the signal phrase or in the parentheses each time you cite the work.
