When you revise, you'll want to work to
“see” your writing as your audience might
see it. It's important to allow some time
between drafting and revision to really
help you “re-see” your work with fresh
eyes. The Revision Checklist found below
will help you focus on some key issues as
you edit. There are two versions of the
checklist below.

The second draft Check how your vision of the paper lines up with the first draft and, more importantly, that your paper still answers... Identify any assumptions that might require (more substantial) justification, keeping your reader's perspective foremost... Be open to rearranging your ideas. ...

How to Write a Research Paper | A Beginner's Guide

Revising & Editing a Research Paper. Revising isn't the first step in the process of writing a research paper, but it is perhaps the most important. Many students skip the revision process, mistaking editing for revision. While editing is also very important, revision is an integral part of any good writing process.
